(1) Dalmore Group, LLC (the “BOR”) will be acting as a broker of record and entitled to a Brokerage Fee (as described in “**Offering Summary**” – “**Use of Proceeds**”) and described in greater detail under “**Plan of Distribution and Subscription Procedure – Broker**” and “**– Fees and Expenses**” for additional information.

(2) DriveWealth, LLC (the “Custodian”) will be acting as custodian of interests and hold brokerage accounts for interest holders in connection with the Company’s offerings and will be entitled to a Custody Fee (as described in “**Offering Summary**” – “**Use of Proceeds**”) and described in greater detail under “**Plan of Distribution and Subscription Procedure – Custodian**” and “**– Fees and Expenses**” for additional information. For all offerings of the Company which closed or launch prior to the agreement with the Custodian, signed on January 7, 2020, interests are transferred into the Custodian brokerage accounts upon consent of the individual investors who purchased such shares or have transferred money into escrow in anticipation of purchasing such shares at the close of the currently ongoing offerings.

(3) No underwriter has been engaged in connection with the Offering (as defined below) and neither the BOR, nor any other entity, receives a finder’s fee or any underwriting or placement agent discounts or commissions in relation to any Offering of Interests (as defined below). We intend to distribute all offerings of membership interests in any series of the Company principally through the Rally Rd.™ platform and any successor platform used by the Company for the offer and sale of interests, (the “Rally Rd.™ Platform” or the “Platform”), as described in greater detail under “**Plan of Distribution and Subscription Procedure**” for additional information.

The Company is offering, on a best efforts basis, a minimum (the “Total Minimum”) to a maximum (the “Total Maximum”) of membership interests of each of the following series of the Company, highlighted in gray in the “Master Series Table” in the “**Interests In Series Covered By This Amendment**” section. Series not highlighted in gray have completed their respective offerings at the time of this filing and the number of interests in the table represents the actual interests sold. The sale of membership interests is being facilitated by the BOR, a broker-dealer registered under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and member of FINRA and is registered in each state where the offer or sales of the Interests (as defined below) will occur. It is anticipated that Interests will be offered and sold only in states where the BOR is registered as a broker-dealer. For the avoidance of doubt, the BOR does not and will not solicit purchases of Interests or make any recommendations regarding the Interests to prospective investors.

All of the series of the Company offered hereunder may collectively be referred to herein as the “Series”. The interests of all Series described above may collectively be referred to herein as the “Interests” and the offerings of the Interests may collectively be referred to herein as the “Offerings”. See “**Description of the Interests Offered**” for additional information regarding the Interests.

The Company is managed by RSE Archive Manager, LLC, a Delaware limited liability company (the “Manager”). The Manager is a single-member entity owned by RSE Markets, Inc. (“RSE Markets”).

It is anticipated that the Company’s core business will be the identification, acquisition, marketing and management of memorabilia, collectible items and alcohol, collectively referred to as “Memorabilia Assets” or the “Asset Class,” for the benefit of the investors. The Series assets referenced in the “**Interests In Series Covered By This Amendment**” section may be referred to herein, collectively, as the “Underlying Assets”. Any individuals, dealers or auction company which owns an Underlying Asset prior to a purchase of an Underlying Asset by the Company in advance of a potential Offering or the closing of an Offering from which proceeds are used to acquire the Underlying Asset may be referred to herein as an “Asset Seller”. See “**Description of the Business**” for additional information regarding the Asset Class.

RSE Markets will serve as the asset manager (the “Asset Manager”) for each Series of the Company and provides services to the Underlying Assets in accordance with each Series’ Asset Management Agreement (see “**Description of the Business**” – “**Description of the Asset Management Agreement**” for additional information).

This Offering Circular describes each individual Series found in the “**Interests In Series Covered By This Amendment**” section.

The Interests represent an investment in a particular Series and thus indirectly the Underlying Asset and do not represent an investment in the Company or the Manager generally. We do not anticipate that any Series will own any assets other than the Underlying Asset associated with such Series. However, we expect that the operations of the Company, including the issuance of additional Series of Interests and their acquisition of additional assets, will benefit investors by enabling each Series to benefit from economies of scale and by allowing investors to enjoy the Company’s Underlying Asset collection at the Membership Experience Programs (as described in “**Description of the Business – Business of the Company**”).

A purchaser of the Interests may be referred to herein as an “Investor” or “Interest Holder.” There will be a separate closing with respect to each Offering (each, a “Closing”). The Closing of an Offering will occur on the earliest to occur of (i) the date subscriptions for the Total Maximum Interests for a Series have been accepted or (ii) a date determined by the Manager in its sole discretion, provided that subscriptions for the Total Minimum Interests of such Series have been accepted. If Closing has not occurred, an Offering shall be terminated upon (i) the date which is one year from the date such Offering Circular or Amendment, as applicable, is qualified by the U.S. Securities and Exchange Commission, or the “Commission”, which period may be extended with respect to a particular Series by an additional six months by the Manager in its sole discretion, or (ii) any date on which the Manager elects to terminate the Offering for a particular Series in its sole discretion.

No securities are being offered by existing security-holders.

Each Offering is being conducted under Tier II of Regulation A (17 CFR 230.251 et. seq.) and the information contained herein is being presented in Offering Circular format. The Company is not offering, and does not anticipate selling, Interests in any of the Offerings in any state where the BOR is not registered as a broker-dealer. The subscription funds advanced by prospective Investors as part of the subscription process will be held in a non-interest-bearing escrow account with Atlantic Capital Bank, N.A., the “Escrow Agent”, and will not be commingled with the operating account of the Series, until, if and when there is a Closing with respect to that Series. See “**Plan of Distribution and Subscription Procedure**” and “**Description of Interests Offered**” for additional information.

A purchase of Interests in a Series does not constitute an investment in either the Company or an Underlying Asset directly, or in any other Series of Interest. This results in limited voting rights of the Investor, which are solely related to a particular Series, and are further limited by the Limited Liability Company Agreement of the Company (as amended from time to time, the “Operating Agreement”), described further herein. Investors will have voting rights only with respect to certain matters, primarily relating to amendments to the Operating Agreement that would adversely change the rights of the Interest Holders and removal of the Manager for “cause”. The Manager and the Asset Manager thus retain significant control over the management of the Company, each Series and the Underlying Assets. Furthermore, because the Interests in a Series do not constitute an investment in the Company as a whole, holders of the Interests in a Series are not expected to receive any economic benefit from, or be subject to the liabilities of, the assets of any other Series. In addition, the economic interest of a holder in a Series will not be identical to owning a direct undivided interest in an Underlying Asset because, among other things, a Series will be required to pay corporate taxes before distributions are made to the holders, and the Asset Manager will receive a fee in respect of its management of the Underlying Asset.

This Offering Circular contains forward-looking statements which are based on current expectations and beliefs concerning future developments that are difficult to predict. Neither the Company nor the Manager or Asset Manager can guarantee future performance, or that future developments affecting the Company, the Manager, the Asset Manager, or the Platform will be as currently anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. Please see “**Risk Factors**” and “**Cautionary Note Regarding Forward-Looking Statements**” for additional information.

There is currently no public trading market for any Interests, and an active market may not develop or be sustained. If an active public or private trading market for our securities does not develop or is not sustained, it may be difficult or impossible for you to resell your Interests at any price. Even if a public or private market does develop, the market price could decline below the amount you paid for your Interests.

The Interests offered hereby are highly speculative in nature, involve a high degree of risk and should be purchased only by persons who can afford to lose their entire investment. There can be no assurance that the Company’s investment objectives will be achieved or that a secondary market would ever develop for the Interests, whether via the Platform, via third party registered broker-dealers or otherwise. Prospective Investors should obtain their own legal and tax advice prior to making an investment in the Interests and should be aware that an investment in the Interests may be exposed to other risks of an exceptional nature from time to time. Please see “Risk Factors” for additional information.

GENERALLY, NO SALE MAY BE MADE TO YOU IN ANY OFFERING IF THE AGGREGATE PURCHASE PRICE YOU PAY IS MORE THAN 10% OF THE GREATER OF YOUR ANNUAL INCOME OR NET WORTH. DIFFERENT RULES APPLY TO ACCREDITED INVESTORS AND NON-NATURAL PERSONS. BEFORE MAKING ANY REPRESENTATION THAT YOUR INVESTMENT DOES NOT EXCEED APPLICABLE THRESHOLDS, WE ENCOURAGE YOU TO REVIEW RULE 251(d)(2)(i)(C) OF REGULATION A. FOR GENERAL INFORMATION ON INVESTING, WE ENCOURAGE YOU TO REFER TO [HTTP://WWW.INVESTOR.GOV](http://www.investor.gov).

NOTICE TO RESIDENTS OF THE STATES OF TEXAS AND WASHINGTON:

WE ARE LIMITING THE OFFER AND SALE OF SECURITIES IN THE STATES OF TEXAS AND WASHINGTON TO A MAXIMUM OF \$5 MILLION IN ANY 12-MONTH PERIOD. WE RESERVE THE RIGHT TO REMOVE OR MODIFY SUCH LIMIT AND, IN THE EVENT WE DECIDE TO OFFER AND SELL ADDITIONAL SECURITIES IN THESE STATES, WE WILL FILE A POST-QUALIFICATION SUPPLEMENT TO THE OFFERING STATEMENT OF WHICH THIS OFFERING CIRCULAR IS A PART IDENTIFYING SUCH CHANGE.

The United States Securities and Exchange Commission does not pass upon the merits of or give its approval to any securities offered or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering Circular or other solicitation materials. These securities are offered pursuant to an exemption from registration with the Commission; however, the Commission has not made an independent determination that the securities offered are exempt from registration. This Preliminary Offering Circular shall not constitute an offer to sell or the solicitation of an offer to buy, nor may there be any sales of these securities in, any state in which such offer, solicitation or sale would be unlawful before registration or qualification of the offer and sale under the laws of such state.

An investment in the Interests involves a high degree of risk. See “Risk Factors” for a description of some of the risks that should be considered before investing in the Interests.

DESCRIPTION OF SERIES 2003 LA TACHE, ROMANEE-CONTI

Investment Overview

- Upon completion of the Series #03TACHE Offering, Series #03TACHE will purchase four cases of three (3) bottles of 2003 La Tâche, Domaine de la Romanée-Conti as the Underlying Asset for Series #03TACHE (The “Series 2003 La Tache, Romanee-Conti” or the “Underlying Asset” with respect to Series #03TACHE, as applicable), the specifications of which are set forth below.
- Domaine de la Romanée-Conti is an estate in Burgundy France that produces both red and white wine. Founded in 1869, Domaine de la Romanée-Conti includes eight vineyards and is widely considered to be among the best wine producers in the world.
- La Tâche is one of the 8 monopoles of Domaine de la Romanée-Conti. Situated in the commune of Vosne-Romanée, it covers 15 acres, all of which are planted to Pinot Noir.
- The Underlying Asset is four cases of three (3) 750 milliliter bottles of 2003 La Tâche, Domaine de la Romanée-Conti.

Asset Description

Overview & Authentication

- The Burgundy region of France has a wine classification system, with the designation “Grand Cru” at the top of the hierarchy. Domaine de la Romanée-Conti is the most famous Grand Cru in the Burgundy region of France.
- Acker Merral & Condit, a wine auction house, named Domaine de la Romanée-Conti (DRC) the “most important wine producer in the world.”
- DRC’s history can be traced back to the 13th century. In 1232 the Abbey of Saint Vivante acquired the ~4.5 acres vineyard for a group of Benedictine monks, who planted vines on the vineyard’s slopes.
- In 1631, the land was purchased from the monks by the de Croonembourg family, who also purchased the adjacent vineyard, La Tâche, and united them under the name “La Romanée.”
- When the de Croonembourgs sold the vineyard in 1760, it resulted in a bidding war between the mistress of King Louis XV, Madame de Pompadour, and King Louis XV’s cousin, Louis François de Bourbon, the Prince of Conti. With a bid of 8,000 livres The Prince of Conti won. He added his title, “Conti,” to the DRC name and removed all of the wine from the market, refusing to share with even close acquaintances.
- Between 1869 and 1942, subsequent owners of DRC continued to unite adjacent parcels of land: additional vineyards in Échezeaux, Grands Échezeaux and Richebourg were added to form what we know today as the trademarked Domaine de la Romanée Conti, which includes a total of 8 vineyards.
- Domaine de la Romanée-Conti is a UNESCO World Heritage Site. In 2015 the United Nations granted “World Heritage” status to the vineyards of the Côte de Beaune and Côte de Nuits regions.
- La Tâche is a small grand cru vineyard in the village of Vosné-Romanée, in Burgundy’s Côte de Nuits.
- La Tâche covers 15 acres and is planted to Pinot Noir.
- The name, La Tâche, has been printed both with a circumflex, “â,” and without one. The inclusion of the accent is important as the translation of “La Tache” is “stain” and “La Tâche,” which means “task.” Domaine de la Romanée-Conti has included the circumflex accent to its wine labels since 1978.

Notable Features

- In 2016, Robert Parker’s Wine Advocate awarded the 2003 vintage of La Tâche, Domaine de la Romanée-Conti 97 points and described it as “a heavenly nose with exquisite mineral-rich red cherry, wild strawberry, blood orange and subtle woodland, damp autumn leaf and moss aromas that are extraordinarily complex.”
- The Underlying Asset is 4 of the 1,023 cases of La Tâche produced by Domaine de la Romanée-Conti in 2003.

Notable Defects

- The Underlying Asset shows signs of wear consistent with its age.

Location of the Underlying Asset

- The Underlying Asset will be indefinitely stored in a London City Bonded warehouse located in Melksham, United Kingdom. The warehouse storing the Underlying Asset has a dedicated warehouse staff with temperature control, humidity control, fire hazard protection and 24/7 – 365 days a year security.

Insurance

- The Underlying Asset may not be covered under our existing corporate insurance policies but rather the insurance policy of the Asset Seller who is located in the United Kingdom where the Underlying Asset is stored.

- The Underlying Asset is two cases of three (3) bottles of 2013 Musigny produced by Domaine Leroy.

Asset Description

Overview & Authentication

- Francois Leroy began selling wine as early as 1851, and his descendants have run the business ever since.
- Domaine Leroy was founded in 1868 by wine merchant Francois Leroy. Francois’ son Joseph and grandson Henri expanded the Domaine throughout the early 1900’s.
- After Henri’s death, his daughter Lalou Bize-Leroy took control of Maison Leroy and the family stake in Domaine de la Romanée-Conti. Lalou Bize-Leroy was one of the first women to lead an important winery in Burgundy when she took over in 1964.
- A dispute between Lalou and DRC co-owner Edmond Gaudin de Villaine prompted the Lalou to leave Domaine de la Romanée-Conti in 1991 and focus on her own domaine, Domaine Leroy.
- Domaine Leroy has land holdings and plots in eight premier cru vineyards, in the Côte de Nuits and Corton regions.
- In 2018, three of the top ten wines in the world were produced by Domaine Leroy.
- Musigny, which sits at the southern end of Chambolle-Musigny, covers 25 acres of limestone-rich slopes. Due to Musigny’s location on a steep hill, the site is very well drained, which forces the vines to develop deep and healthy root systems.
- Musigny was classified as a Grand Cru site in 1936.
- The top producers of Musigny include Mugnier, Roumier, Vogüé and Domaine Leroy.
- Musigny is Domaine Leroy’s rarest label with less than 50 cases produced each year.

Notable Features

Notable Defects

- The Underlying Asset shows signs of wear consistent with its age.

RSE ARCHIVE, LLC

Notes to Consolidated Financial Statements

NOTE A - DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

RSE Archive, LLC (the “Company,” “RSE Archive,” “we,” “us,” or “our”) is a Delaware series limited liability company formed on January 3, 2019. RSE Archive Manager, LLC, a single member Delaware limited liability company formed on March 27, 2019 and owned by RSE Markets, Inc., is the manager of the Company (the “Manager”). RSE Markets, Inc. serves as the asset manager for the collection of collectible memorabilia owned by the Company and each series (the “Asset Manager”). The Company’s core business is the identification, acquisition, marketing and management of a collection of collectible memorabilia, collectively referred to as “Memorabilia Assets” or the “Asset Class,” for the benefit of the investors. The Company has created, and it is expected that the Company will continue to create, separate series of interests (each, a “Series”). The Series assets referenced below may be referred to herein, collectively, as the “Underlying Assets”, and each Underlying Asset will be owned by a separate Series and that the assets and liabilities of each Series will be separate in accordance with Delaware law. The interests of all Series may collectively be referred to herein as the “Interests” and a purchaser of Interests in any Series (an “Investor” or “Interest Holder”) will be entitled to share in the return of that particular Series but will not be entitled to share in the return of any other Series.

The Asset Manager is a Delaware corporation formed on April 28, 2016. The Asset Manager is a technology and marketing company that operates the Rally Rd. platform (the “Platform”) and manages the Company, through the Manager, and the assets owned by the Company in its roles as the Asset Manager of each Series. The Asset Manager is the owner of the Manager.

The Company intends to sell Interests in a number of separate individual Series of the Company collectively referred to herein as the “Offerings.” Investors in any Series acquire a proportional share of income and liabilities as they pertain to a particular Series, and the sole assets and liabilities of any given Series at the time of the closing (the “Closing”) of an Offering related to that particular Series are a single Underlying Asset (plus any cash reserves for future operating expenses (the “Operating Expenses,” as described in Note B(5)), as well as certain liabilities related to expenses pre-paid by the Asset Manager.

All voting rights, except as specified in the operating agreement or required by law, remain with the Manager (e.g., determining the type and quantity of general maintenance and other expenses required for the appropriate upkeep of each Underlying Asset, determining how to best commercialize the applicable Underlying Assets, evaluating potential sale offers and the liquidation of a Series). The Manager manages the ongoing operations of each Series in accordance with the operating agreement of the Company, as amended and restated from time to time (the “Operating Agreement”).

OPERATING AGREEMENT

General:

In accordance with the Operating Agreement each Interest Holder in a Series grants a power of attorney to the Manager. The Manager has the right to appoint officers of the Company and each Series.

Operating Expenses:

After the Closing of an Offering, each Series is responsible for its own Operating Expenses (as described in Note B(5)). Prior to the Closing, Operating Expenses are borne by the Manager or the Asset Manager and not reimbursed by the economic members of a particular Series. Should post-Closing Operating Expenses exceed revenues or cash reserves, the Manager or the Asset Manager may (a) pay such Operating Expenses and not seek reimbursement, (b) loan the amount of the Operating Expenses to the Series and be entitled to reimbursement of such amount from future revenues generated by the Series (the “Operating Expenses Reimbursement Obligation(s)”), on which the Manager or the Asset Manager may impose a rate of interest, and/or (c) cause additional Interests to be issued in order to cover such additional amounts, which Interests may be issued to existing or new Investors, and may include the Manager or its affiliates or the Asset Manager.

Fees:

Sourcing Fee: The Manager expects to receive a fee at the Closing of each successful Offering for its services of sourcing the Underlying Asset (the “Sourcing Fee”), which may be waived by the Manager in its sole discretion.

RSE ARCHIVE, LLC

Notes to Consolidated Financial Statements

NOTE A - DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

Brokerage Fee: For all Series qualified up to the date of this filing the broker of record (the “BOR”) received a fee (the “Brokerage Fee”) of 0.75% of the cash from Offering for facilitating the sale of securities.

Custody Fee: In respect to current Offerings, the custodian of Interests (the “Custodian”), holding custody of the securities upon issuance, will receive a fee of 0.75% on Interests sold in an Offering (the “Custody Fee”).

Free Cash Flow Distributions:

At the discretion of the Manager, a Series may make distributions of Free Cash Flow (as described in Note F) to both the holders of economic Interests in the form of a dividend and the Manager in the form of a management fee.

In the case that Free Cash Flow (as described in Note F) is available and such distributions are made, at the sole discretion of the Manager, the members will receive no less than 50% of Free Cash Flow and the Manager will receive up to 50% of Free Cash Flow in the form of a management fee for management of the applicable Underlying Asset. The management fee is accounted for as an expense to the relevant Series rather than a distribution from Free Cash Flow.

Other:

The Manager is responsible for covering its own expenses.

LIQUIDITY AND CAPITAL RESOURCES

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. Neither the Company nor any of the Series has generated revenues or profits since inception.

On a total consolidated basis, the Company generated a net loss of \$8,041 for the year ended December 31, 2019. On a total consolidated basis, the Company had generated net income of \$36,594 for the six months ended June 30, 2020. On a total consolidated basis, the Company has negative working capital of \$1,708,323 and \$553,897 as of June 30, 2020 and December 31, 2019, respectively, and an accumulated deficit of \$45,207 and \$8,041 as of June 30, 2020 and December 31, 2019. Additionally, each listed Series for which an Underlying Asset was owned as of June 30, 2020 and as of December 31, 2019 has incurred net losses since their respective dates of acquisition and have an accumulated deficit as of June 30, 2020 and as of December 31, 2019.

All of the liabilities on the balance sheet as of June 30, 2020 are obligations to third-parties or the Manager. All of these liabilities, other than ones for which the Manager does not seek reimbursement, will be covered through the proceeds of future Offerings for the various Series of Interests. If the Company does not continue to obtain financing from the Manager, it will be unable to repay these obligations as they come due, including the obligations of each listed Series. These factors raise substantial doubt about the Company’s and each listed Series’ ability to continue as a going concern for the twelve months following the date of this filing.

Through June 30, 2020 and December 31, 2019, none of the Company or any Series have recorded any directly attributable revenues through the utilization of Underlying Assets. Management’s plans include anticipating that it will commence commercializing the collection in 2021. Each Series will continue to incur Operating Expenses (as described in Note B(5)) including, but not limited to storage, insurance, transportation and maintenance expenses, on an ongoing basis. As part of the commercialization of the collection, the Manager opened a showroom in early 2019, in New York City and launched its online shopping experience for merchandise in the third quarter of 2019. The New York City showroom has been closed since March 2020 due to the COVID-19 pandemic but is expected to reopen in the fourth quarter 2020. No revenues directly attributable to the Company or any Series have been generated through the showroom or the online shop as of June 30, 2020.

At June 30, 2020 vs. December 31, 2019, the Company and the Series for which Closings had occurred, had the following cash balances:

NOTE A - DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS (CONTINUED)

The cash on the books of RSE Archive is reserved to funding future pre-Closing Operating Expenses (as described in Note B(5)) or acquisition expenses (the “Acquisition Expenses,” (as described in Note B(6))), as the case may be. The cash on the books of each Series is reserved for funding of post-Closing Operating Expenses; during the six-month period ended June 30, 2020, the Manager paid for certain but not all Operating Expenses related to any of the Series that have had closed Offerings and has elected not to be reimbursed. These payments made by the Manager are accounted for as capital contributions, amounting to a total of \$33,996 during the six-month period ended June 30, 2020. The Company had no Operating Expenses during the period ended June 30, 2019.

From inception, the Company and the Series have financed their business activities through capital contributions from the Manager or its affiliates to the individual Series. Until such time as the Series’ have the capacity to generate cash flows from operations, the Manager may cover any deficits through additional capital contributions or the issuance of additional Interests in any individual Series. In addition, parts of the proceeds of future Offerings may be used to create reserves for future Operating Expenses (as described in Note B(5)) for individual Series, as has been the case for the majority of the Series for which Closings have occurred, listed in the table above, at the sole discretion of the Manager. If the Manager does not continue to fund future Operating Expenses of the Company and the Series, the Company’s ability to continue future operations may be limited. There is no assurance that financing from the Manager will remain available or that the Manager will provide the Company or any Series with sufficient capital to meet its objectives.

INITIAL OFFERINGS

The Company has completed several initial Offerings since its inception in 2019 and plans to continue to increase the number of initial Offerings going forward. 1. Basis of Presentation

The accompanying interim financial statements have been prepared in accordance with the instructions to Form 1-SA and in conformity with generally accepted accounting principles in the United States of America (“US GAAP” or “GAAP”) applicable to interim financial information. Accordingly, the information presented in the interim financial statements does not include all information and disclosures necessary for a fair presentation of RSE Archive, LLC’s financial position, results of operations and cash flows in conformity with GAAP for annual financial statements. In the opinion of management, these financial statements reflect all adjustments consisting of normal recurring accruals, necessary for a fair statement of financial position, results of operations and cash flows for such periods. The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near-term due to one or more future confirming events. Accordingly, the actual results could differ significantly from our estimates.

Total Operating Expenses		\$ 37,950

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Solely in the case of the Series with closed Offerings listed in the table above, the Manager has elected that certain, but not all of the post-Closing Operating Expenses of \$28,205 for the six-month period ended June 30, 2020 will be borne by the Manager and not reimbursed and are accounted for as capital contributions by the Manager for each of the Series.

6. Capital Assets:

Underlying Assets are recorded at cost. The cost of the Underlying Asset includes the purchase price, including any deposits for the Underlying Asset funded by the Manager and “Acquisition Expenses”, which include transportation of the Underlying Asset to the Manager’s storage facility, pre-purchase inspection, pre-Offering refurbishment, and other costs detailed in the Manager’s allocation policy.

The Company treats Underlying Assets as collectible and therefore the Company will not depreciate or amortize the Underlying Assets going forward. The Underlying Assets are considered long-lived assets and will be subject to an annual test for impairment. These long-lived assets are reviewed for impairment annually or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to the estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset.

The Underlying Assets are initially purchased by the Company, either prior to launching an Offering or through the exercising of a purchase option simultaneous with the Closing of an Offering for a particular Series. At Closing of an Offering for a Series of Interests the Underlying Assets, including capitalized Acquisition Expenses, are then transferred to the Series. Underlying Assets are transferred at cost and the Company receives cash from the Series from the proceeds of the Offering. The Company uses the proceeds of the transfer to pay off any debt or amounts owed under purchase options and Acquisition Expenses. Acquisition Expenses are typically paid for in advance by the Manager, except in the case of Acquisition Expenses that are anticipated, but might not be incurred until after a Closing, such as fees related to the transportation of an Underlying Asset from the seller to the Company’s warehouse and are thus only capitalized into the cost of the acquired Underlying Asset after the Underlying Asset has already been transferred to the Series. The Series uses the remaining cash to repay any accrued interest on loans or marketing expenses related to the preparation of the marketing materials for a particular Offering, by distributing the applicable amount to the Company, accounted for as “Distribution to RSE Archive” on the balance sheet. Furthermore, the Series distributes the appropriate amounts for Brokerage Fee, the Custody Fee and, if applicable, the Sourcing Fee using cash from the Offering.

The Company, through non-interest-bearing payments from the Manager or loans from officers of the Manager and third-parties has invested \$3,937,681 in Underlying Assets since inception on January 3, 2019. For the six-month period ended June 30, 2020, the total investment in Underlying Assets was \$2,353,503.

Note B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Of the \$2,353,503 of investments during the six-month period ended June 30, 2020, \$2,351,261 were related to the purchase price of, or down payments on Underlying Assets, excluding \$185,500 related to the Underlying Assets sold. This brings the total spent on purchase price and down-payments at June 30, 2020 to \$3,929,739, since the inception of the Company on January 3, 2019.

Acquisition Expenses related to a particular Series, that are incurred prior to the Closing of an Offering, are initially funded by the Manager but will be reimbursed with the proceeds from an Offering related to such Series, to the extent described in the applicable Offering document. Unless, to the extent that certain Acquisition Expenses are anticipated prior to the Closing, but incurred after the Closing of an Offering, for example transportation costs to transport the Underlying Asset from the Asset Seller to the Company's facility, in which case, additional cash from the proceeds of the Offering will be retained on the Series balance sheet to cover such future anticipated Acquisition Expenses after the Closing of the Offering. Acquisition Expenses are capitalized into the cost of the Underlying Asset as per the table below. Should a proposed Offering prove to be unsuccessful, the Company will not reimburse the Manager and these expenses will be accounted for as capital contributions, and the Acquisition Expenses will be expensed.

For the six-month period ended June 30, 2020, \$2,242 of Acquisition Expenses related to the transportation, inspection, repair of Underlying Assets and other acquisition related expenses were incurred, excluding \$117 related to Underlying Assets sold. The total investment in Underlying Assets as of June 30, 2020 is as follows, excluding the total investments of any Series for which the Underlying Assets have been sold:

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7. Members' Equity:

Members' equity for the Company and any Series consists of capital contributions from the Manager, or its affiliates, Membership Contributions and the Net Income / (Loss) for the period.

Capital contributions from the Manager are made to cover Operating Expenses for which the Manager has elected not to be reimbursed.

In the case of a Closing for which a deficiency of offering proceeds over the required cash outlays exists, , the Manager will make an additional capital contribution to the Series to cover any such deficiencies, which is represented as "Distribution to Series" on the balance sheet. Any remaining cash on the balance sheet of the Series after distributions have been made is retained for payment of future Operating Expenses.

Members' equity in Membership Contributions issued in a successful Closing of an Offering for a particular Series are calculated by taking the amount of membership Interests sold in an Offering, net of Brokerage Fee, Custody Fee and Sourcing Fee as shown in the table below. In the case of a particular Offering, the Brokerage Fee, the Custody Fee and Sourcing Fee (which may be waived by the Manager) related to the Offering are paid from the proceeds of any successfully closed Offering. These expenses will not be incurred by the Company or the applicable Series or the Manager, if an Offering does not close. At June 30, 2020, the following Offerings for Series Interests had closed:

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

8. Income taxes:

Each existing Series has elected and qualified, and the Company intends that each future Series will elect and qualify, to be taxed as a corporation under the Internal Revenue Code of 1986. Each separate Series intends to be accounted for as described in ASC Topic 740, "*Income Taxes*," which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

The Company recognizes the tax benefit from an uncertain tax position only if it is more likely than not the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such positions are then measured based on the largest benefit that has a greater than 50% likelihood of being realized upon settlement. There were no uncertain tax positions as of June 30, 2020.

RSE Archive, LLC, as the master Series of the Company and RSE Archive Manager, LLC, the Manager of the Company, intend to be taxed as a "partnership" or a "disregarded entity" for federal income tax purposes and will not make any election or take any action that could cause it to be separately treated as an association taxable as a corporation under Subchapter C of the Code.

9. Earnings (loss) / income per membership Interest:

Upon completion of an Offering, each Series intends to comply with accounting and disclosure requirement of ASC Topic 260, "*Earnings per Share*." For each Series, earnings (loss) / income per membership Interest ("EPMI") will be computed by dividing net (loss) / income for a particular Series by the weighted average number of outstanding membership Interests in that particular Series during the period.

NOTE C - RELATED PARTY TRANSACTIONS

Series Members

The managing member of the Company is the Manager. The Company will admit additional members to each of its Series through the Offerings of membership Interests in each Series. By purchasing an Interest in a Series of Interests, the Investor is admitted as a member of the Series and will be bound by the Company's Operating Agreement. Under the Operating Agreement, each Investor grants a power of attorney to the Manager. The Operating Agreement provides the Manager with the ability to appoint officers and advisory board members.

Officer and Affiliate Loans

From time to time, individual officers and affiliates of the Manager may make loans to the Company to facilitate the purchase of Underlying Assets prior to the Closing of a Series' Offering. It is anticipated that each of the loans and related interest will be paid by the Company through proceeds of the Offering associated with a Series. Once the Series repays the Company and other parties, such as the Manager, the BOR and the Custodian and their respective affiliates, from the proceeds of a closed Offering, the Underlying Asset would then be transferred to the related Series and it is anticipated that no Series will bear the economic effects of any loan made to purchase another Underlying Asset.

As of June 30, 2020, and December 31, 2019, no loans were outstanding to either officers or affiliates of the Manager.

NOTE D – DEBT

On December 20, 2019, the Asset Manager and the Company, including an affiliate of the Asset Manager, entered into the DM with Upper90 with an initial borrowing capacity of \$2.25 million. On May 15, 2020, the DM was expanded to a borrowing capacity of \$3.25 million. The DM allows the Asset Manager to draw up to 100% of the value of the Underlying Assets for any asset held on the books of the Company. Interest rate on any amounts outstanding under the DM accrues at a fixed per annum rate of 15%. The Company is also held jointly and severably liable for any amounts outstanding under this DM.

Of the outstanding borrowings, \$1,590,850 were related to Underlying Assets and the remainder to were held in cash or related to the assets of the affiliate of the Asset Manager. The table below outlines the debt balance at June 30, 2020 vs. December 31, 2019:

Debt Outstanding Upper90 Demand Note		
At 12/31/2019	\$	1,560,000
At 6/30/2020	\$	3,250,000

NOTE E - REVENUE, EXPENSE AND COST ALLOCATION METHODOLOGY

Overview of Revenues

As of June 30, 2020, we have not yet generated any revenues directly attributable to the Company or any Series to date. In addition, we do not anticipate the Company or any Series to generate any revenue in excess of costs associated with such revenues until 2021. In early 2019, the Manager of the Company launched its first showroom in New York City and in mid-2019 launched an online shopping experience for merchandise. The New York City showroom has been closed since March 2020 due to COVID-19, but is planned to reopen in the fourth quarter 2020. In future, the Manager of the Company plans to roll out additional opportunities for revenue generation including additional showrooms.

Overview of Costs and Expenses

The Company distinguishes costs and expenses between those related to the purchase of a particular Underlying Asset and Operating Expenses related to the management of such Underlying Assets.

Fees and expenses related to the purchase of an Underlying Asset include Offering Expenses, Acquisition Expenses, Brokerage Fee, Custody Fee and Sourcing Fee.

Within Operating Expenses, the Company distinguishes between Operating Expenses incurred prior to the Closing of an Offering and those incurred after the Closing of an Offering. Although these pre- and post- Closing Operating Expenses are similar in nature and consist of expenses such as storage, insurance, transportation, marketing and maintenance and professional fees such as ongoing bookkeeping, legal and accounting expenses associated with a Series, pre-Closing Operating Expenses are borne by the Manager and are not expected to be reimbursed by the Company or the economic members. Post-Closing Operating Expenses are the responsibility of each Series of Interest and may be financed through (i) revenues generated by the Series or cash reserves at the Series or (ii) contributions made by the Manager, for which the Manager does not seek reimbursement or (iii) loans by the Manager, for which the Manager may charge a rate of interest or (iv) issuance of additional Interest in a Series (at the discretion of the Manager).

Allocation Methodology

Allocation of revenues and expenses and costs will be made amongst the various Series in accordance with the Manager's allocation policy. The Manager's allocation policy requires items that are related to a specific Series to be charged to that specific Series. Items not related to a specific Series will be allocated pro rata based upon the value of the Underlying Assets or the number of Underlying Assets, as stated in the Manager's allocation policy and as determined by the Manager. The Manager may amend its allocation policy in its sole discretion from time to time.

Notes to Consolidated Financial Statements

NOTE E - REVENUE, EXPENSE AND COST ALLOCATION METHODOLOGY

Allocation Methodology or Description by Category

- *Revenue:* Revenues from the anticipated commercialization of the Underlying Assets will be allocated amongst the Series whose Underlying Assets are part of the commercialization events, based on the value of the Underlying Asset. No revenues attributable directly to the Company or any Series have been generated during the six-month period ended June 30, 2020.
- *Offering Expenses:* Offering Expenses, other than those related to the overall business of the Manager (as described in Note B(4)) are funded by the Manager and generally reimbursed through the Series proceeds upon the Closing of an Offering. Offering Expenses are charged to a specific Series.
- *Acquisition Expenses:* Acquisition Expenses (as described in Note B(6)) are typically funded by the Manager, and reimbursed from the Series proceeds upon the Closing of an Offering. Unless, to the extent that certain Acquisition Expenses are anticipated prior to the Closing, but incurred after the Closing of an Offering, for example transportation fees, in which case, additional cash from the proceeds of the Offering will be retained on the Series balance sheet to cover such future anticipated Acquisition Expenses after the Closing of the Offering. Acquisition Expenses incurred are capitalized into the cost of the Underlying Asset on the balance sheet of the Company and subsequently transferred to the Series upon Closing of the Offering for the Series Interests.
- *Sourcing Fee / Losses:* The Sourcing Fee is paid to the Manager from the Series proceeds upon the close of an Offering (as described in Note B(7)) and is charged to the specific Series. Losses incurred related to closed Offerings, due to shortfalls between proceeds from closed Offerings and costs incurred in relation to these Offerings are charged to the specific Series but are reimbursed by the Manager and accounted for as capital contributions to the Series (as described in Note B(6)).
- *Brokerage Fee:* The Brokerage Fee is paid to the BOR from the Series proceeds upon the Closing of an Offering (as described in Note B(7)) and is charged to the specific Series.
- *Custody Fee:* The Custody Fee is paid to the Custodian from the Series proceeds upon the Closing of an Offering (as described in Note B(7)) and is charged to the specific Series.
- *Operating Expenses:* Operating Expenses (as described in Note B(5)) are expensed as incurred:
 - Pre-Closing Operating Expenses are borne by the Manager and accounted for as capital contributions from the Manager to the Company and are not reimbursed.
 - Post-Closing Operating Expenses are the responsibility of each individual Series.
 - If not directly charged to the Company or a Series, Operating Expenses are allocated as follows:
 - Insurance: based on the premium rate allocated by value of the Underlying Assets
 - Storage: based on the number of Underlying Assets

NOTE F – FREE CASH FLOW DISTRIBUTIONS AND MANAGEMENT FEES

Any available Free Cash Flow of a Series of Interests shall be applied in the following order of priority, at the discretion of the Manager:

- i) Repayment of any amounts outstanding under Operating Expenses Reimbursement Obligations.
- ii) Thereafter, reserves may be created to meet future Operating Expenses for a particular Series.
- iii) Thereafter, at least 50% of Free Cash Flow (as described below) (net of corporate income taxes applicable to such Series of Interests) may be distributed as dividends to Interest Holders of a particular Series.
- iv) The Manager may receive up to 50% of Free Cash Flow (as described below) in the form of a management fee, which is accounted for as an expense to the statement of operations of a particular Series.

“Free Cash Flow” is defined as net income (as determined under GAAP) generated by any Series of Interests plus any change in net working capital and depreciation and amortization (and any other non-cash Operating Expenses) and less any capital expenditures related to the relevant Series.

As of June 30, 2020, and December 31, 2019, no distributions of Free Cash Flow or management fees were paid by the Company or in respect of any Series. The Company did make distributions to Interest Holders related to sale of Underlying Assets as described in “Asset Dispositions” in “Note A - Description Of Organization and Business Operations.”

NOTE G - INCOME TAX

As of June 30, 2020, each individual Series has elected to be treated as a corporation for tax purposes. RSE Archive and RSE Archive Manager have elected to be treated as partnerships.

No provision for income taxes for the six-month period ended June 30, 2020 has been recorded for any individual Series as all individual Series incurred net losses, except as disclosed below for the 3 Series that were sold. Each individual Series records a valuation allowance when it is more likely than not that some portion or all of the deferred tax assets primarily resulting from net operating losses will not be realized. The Company’s net deferred tax assets at June 30, 2020 are fully offset by a valuation allowance (other than for Series #71ALI, Series #98JORDAN and Series #86JORDAN), and therefore, no tax benefit applicable to the loss for each individual Series for the six-month period ended June 30, 2020 has been recognized. Losses incurred after January 1, 2018 do not expire for federal income tax purposes.

Series #71ALI, Series #98JORDAN and Series #86JORDAN have sold their primary operating asset during the six-month period ended June 30, 2020. As a result, the Company has recorded a provision for income taxes using an effective tax rate as shown below:

Series #	Provision for income taxes		
	#71ALI	#98JORDAN	#86JORDAN
Income before provision for income taxes	\$ 8,950	\$ 44,935	\$ 41,948
Reversal of valuation allowance	(265)	(374)	(205)
Taxed at federal and state statutory rates	35%	21%	21%
Provision for income taxes	\$ 3,005	\$ 9,408	\$ 8,816

Reconciliation of the benefit for income taxes from continuing operations recorded in the consolidated statements of operations with the amounts computed at the statutory federal tax rates is shown below. RSE Archive has elected to be treated as a partnership; thus, for the six-month period ended June 30, 2020 the only tax affected components of deferred tax assets and deferred tax liabilities related to closed Series.

NOTE H - CONTINGENCIES

COVID-19

The extent of the impact and effects of the recent outbreak of the coronavirus (COVID-19) on the operation and financial performance of our business are unknown. However, the Company does not expect that the outbreak will have a material adverse effect on our business or financial results at this time.

Restriction on Sale of Series #HONUS

- Without the Company's prior written consent (which may be withheld in the Company's sole discretion), the Asset Seller will not, directly or indirectly, offer, pledge, sell, transfer, hypothecate, mortgage, grant or encumber, sell or grant any option, purchase any option, enter into any arrangement or contract to do any of the foregoing, or otherwise transfer, dispose or encumber the Asset Seller's Equity Interest.
- Without the Asset Seller's prior written consent, the Company will not sell the Underlying Asset within 36-months of the Closing.
- The Company will not sell the Underlying Asset for a purchase price of less than \$1,900,000.00 without the Asset Seller's prior written consent.
- For a 10 year period following the Closing, the Company (or our designee(s)) will have the right, exercisable at any time upon written notice to the Asset Seller, to repurchase from the Asset Seller the Asset Seller Equity Interest for a purchase price valuing the Series at no less than \$1,900,000.00. In the event the Company exercises this right, the Asset Seller will execute and deliver or cause to be executed and delivered to us such agreements or instruments as we may reasonably request, in order to facilitate such repurchase.
- If the Underlying Asset is sold within 5 years of the Closing, the Company will use commercially reasonable efforts to include as a condition in the sale agreement relating to such sale that purchaser of the Underlying Asset must lend the Underlying Asset to the Asset Seller for 60 days per calendar year for a 24-month period post-sale. The Company will have no further obligation to the Asset Seller once the Company sells the Underlying Asset.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Members of
RSE Archive, LLC

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of RSE Archive, LLC (the "Company") in total and for each listed Series as of December 31, 2019, and the related consolidated statements of operations, members' equity, and cash flows for the Company in total and for each listed Series for the period from January 3, 2019 (inception) to December 31, 2019, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the consolidated financial position of the Company and each listed Series as of December 31, 2019, and the consolidated results of operations and cash flows for the Company and each listed Series for the period from January 3, 2019 (inception) to December 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

Going Concern

The accompanying financial statements have been prepared assuming that the Company and each listed Series will continue as a going concern. As discussed in Note A to the financial statements, the Company's and each listed Series' lack of liquidity raises substantial doubt about their ability to continue as a going concern. Management's plans in regard to these matters are also described in Note A. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Restatement

As discussed in Note J to the financial statements the financial statements have been restated to correct an error.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's and each listed Series' financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company and each listed Series in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company and each listed Series is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's or each listed Series internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the Company's auditor since 2020.

RSE ARCHIVE, LLC

Notes to Consolidated Financial Statements

NOTE A - DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

RSE Archive, LLC (the “Company”) is a Delaware series limited liability company formed on January 3, 2019. RSE Archive Manager, LLC, a single member Delaware limited liability company formed on March 27, 2019 and owned by RSE Markets, Inc., is the manager of the Company (the “Manager”). RSE Markets, Inc. serves as the asset manager for the collection of collectible memorabilia owned by the Company and each series (the “Asset Manager”). The Company was formed to engage in the business of acquiring and managing a collection of collectible memorabilia (the “Underlying Assets”). The Company has created, and it is expected that the Company will continue to create, separate series of interests (each, a “Series” or “Series of Interests”), that each Underlying Asset will be owned by a separate Series and that the assets and liabilities of each Series will be separate in accordance with Delaware law. Investors acquire membership interests (the “Interests”) in each Series and will be entitled to share in the return of that particular Series but will not be entitled to share in the return of any other Series.

The Asset Manager is a Delaware corporation formed on April 28, 2016. The Asset Manager is a technology and marketing company that operates the Rally Rd. platform (the “Platform”) and manages the Company, through the Manager, and the assets owned by the Company in its roles as the Asset Manager of each Series. The Asset Manager is the owner of the Manager.

The Company intends to sell Interests in a number of separate individual Series of the Company. Investors in any Series acquire a proportional share of income and liabilities as they pertain to a particular Series, and the sole assets and liabilities of any given Series at the time of the closing of an offering related to that particular Series are a single collectible memorabilia (plus any cash reserves for future operating expenses), as well as certain liabilities related to expenses pre-paid by the Asset Manager.

All voting rights, except as specified in the operating agreement or required by law, remain with the Manager (e.g., determining the type and quantity of general maintenance and other expenses required for the appropriate upkeep of each Underlying Asset, determining how to best commercialize the applicable Underlying Assets, evaluating potential sale offers and the liquidation of a Series). The Manager manages the ongoing operations of each Series in accordance with the operating agreement of the Company, as amended and restated from time to time (the “Operating Agreement”).

OPERATING AGREEMENT

General:

In accordance with the Operating Agreement each Interest holder in a Series grants a power of attorney to the Manager. The Manager has the right to appoint officers of the Company and each Series.

Operating Expenses:

After the closing of an offering, each Series is responsible for its own “Operating Expenses” (as defined in Note B(5)). Prior to the closing, Operating Expenses are borne by the Manager or the Asset Manager and not reimbursed by the economic members of a particular Series. Should post-closing Operating Expenses exceed revenues or cash reserves, the Manager or the Asset Manager may (a) pay such Operating Expenses and not seek reimbursement, (b) loan the amount of the Operating Expenses to the Series and be entitled to reimbursement of such amount from future revenues generated by the Series (“Operating Expenses Reimbursement Obligation(s)”), on which the Manager or the Asset Manager may impose a rate of interest, and/or (c) cause additional Interests to be issued in order to cover such additional amounts, which Interests may be issued to existing or new investors, and may include the Manager or its affiliates or the Asset Manager.

Fees:

Sourcing Fee: The Manager expects to receive a fee at the closing of each successful offering for its services of sourcing the collectible memorabilia (the “Sourcing Fee”), which may be waived by the Manager in its sole discretion.

Brokerage Fee: For all Series qualified up to the date of this filing the broker of record received a fee (the “Brokerage Fee”) of 1.0% of the cash from offering for facilitating the sale of securities.

RSE ARCHIVE, LLC

Notes to Consolidated Financial Statements

NOTE A - DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS (CONTINUED)

Custody Fee: For all Series qualified up to the date of this filing the custody broker received a fee (the “Custody Fee”) of 0.75% of the cash from offering for facilitating the sale of securities.

Free Cash Flow Distributions:

At the discretion of the Manager, a Series may make distributions of “Free Cash Flow” (as defined in Note F) to both the holders of economic Interests in the form of a dividend and the Manager in the form of a management fee.

In the case that Free Cash Flow is available and such distributions are made, at the sole discretion of the Manager, the members will receive no less than 50% of Free Cash Flow and the Manager will receive up to 50% of Free Cash Flow in the form of a management fee for management of the applicable Underlying Asset. The management fee is accounted for as an expense to the relevant Series rather than a distribution from Free Cash Flow.

Other:

The Manager is responsible for covering its own expenses.

LIQUIDITY AND CAPITAL RESOURCES

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. Neither the Company nor any of the Series has generated revenues or profits since inception.

On a total consolidated basis, the Company had sustained a net loss of \$(8,041) for the period from January 3, 2019 to December 31, 2019 and had an accumulated deficit of \$(8,041) as of December 31, 2019.

All of the liabilities on the balance sheet as of December 31, 2019 are obligations to third-parties or the Manager. All of these liabilities, other than ones for which the Manager does not seek reimbursement, will be covered through the proceeds of future offerings for the various Series of Interests. As of December 31, 2019, the Company has negative working capital of approximately \$(0.6) million. If the Company does not continue to obtain financing from the Manager, it will be unable to repay these obligations as they come due. These factors raise substantial doubt about the Company’s and each listed Series’ ability to continue as a going concern for the twelve months following the date of this filing.

Through December 31, 2019, none of the Company or any Series have recorded any directly attributable revenues through the utilization of Underlying Assets. Management’s plans include anticipating that it will commence commercializing the collection in 2021. Each Series will continue to incur Operating Expenses including, but not limited to storage, insurance, transportation and maintenance expenses, on an ongoing basis. As part of the commercialization of the collection, the Manager opened a showroom in early 2019, in New York City and launched its online shopping experience for merchandise in the third quarter of 2019. No revenues directly attributable to the Company or any Series have been generated through the showroom or the online shop as of December 31, 2019.

The cash on the books of RSE Archive is reserved to funding future pre-closing Operating Expenses or "Acquisition Expenses" (see Note B(6) for definition and additional details), as the case may be. The cash on the books of each Series is reserved for funding of post-closing Operating Expenses. During the period from January 3, 2019 to December 31, 2019, the Manager has paid for certain but not all Operating Expenses related to any of the Series that have had closed offerings and has elected not to be reimbursed. These payments made by the Manager are accounted for as capital contributions, amounting to a total of \$7,644.

From inception, the Company and the Series have financed their business activities through capital contributions from the Manager or its affiliates to the individual Series. Until such time as the Series' have the capacity to generate cash flows from operations, the Manager may cover any deficits through additional capital contributions or the issuance of additional Interests in any individual Series. In addition, parts of the proceeds of future offerings may be used to create reserves for future Operating Expenses for individual Series, as has been the case for the majority of the Series for which closings have occurred, listed in the table above, at the sole discretion of the Manager. If the Manager does not continue to fund future operating expenses of the Company and the Series, the Company's ability to continue future operations may be limited. There is no assurance that financing from the Manager will remain available or that the Manager will provide the Company or any Series with sufficient capital to meet its objectives.

INITIAL OFFERINGS

The Company has completed several initial offerings since its inception in 2019 and plans to continue to increase the number of initial offerings going forward. The table below outlines all offerings for which a closing has occurred as of December 31, 2019. All Series, for which a closing had occurred as of the date of the financial statements, had commenced operations, were capitalized and had assets and various Series have liabilities.

NOTE A - DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS (CONTINUED)

ASSET DISPOSITIONS

From time to time, the Company receives unsolicited take-over offers for the Underlying Assets. Per the terms of the Company's Operating Agreement, the Company, together with the Company's advisory board evaluates the offers and determines that if, on a case by case basis, it is in the interest of the Investors to sell the Underlying Asset. In certain instances, the Company may decide to sell an Underlying Asset, that is on the books of the Company, but not yet transferred to a particular Series, because no offering has yet occurred. In these instances, the anticipated offering related to such Underlying Asset will be cancelled.

For the period from January 3, 2019 to December 31, 2019, no asset dispositions had been executed.

Please see Note I, Subsequent Events for additional details on closings of initial offerings or asset dispositions after December 31, 2019.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

10. Basis of Presentation

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("US GAAP").

All offerings that had closed as of the date of the financial statements were issued under Tier 2 of Regulation A+ and qualified under the Company's offering circular (as amended). Separate financial statements are presented for each such Series.

11. Use of Estimates:

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near-term due to one or more future confirming events. Accordingly, the actual results could differ significantly from our estimates.

12. Cash and Cash Equivalents:

The Company considers all short-term investments with an original maturity of three months or less when purchased, or otherwise acquired, to be cash equivalents.

13. Offering Expenses:

Offering expenses related to the offering for a specific Series consist of underwriting, legal, accounting, escrow, compliance, filing and other expenses incurred through the balance sheet date that are directly related to a proposed offering and will generally be charged to members' equity upon the completion of the proposed offering. Offering expenses that are incurred prior to the closing of an offering for such Series, that are funded by the Manager and will generally be reimbursed through the proceeds of the offering related to the Series. However, the Manager has agreed to pay and not be reimbursed for offering expenses incurred with respect to the offerings for all Series that have had a closing as of the date of the financial statements and potentially other future offerings.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

In addition to the discrete offering expenses related to a particular Series' offering, the Manager has also incurred legal, accounting, user compliance expenses and other offering related expenses during the period from January 3, 2019 to December 31, 2019 in order to set up the legal and financial framework and compliance infrastructure for the marketing and sale of offerings. The Manager treats these expenses as operating expenses related to the Manager's business and will not be reimbursed for these through any activities or offerings related to the Company or any of the Series.

14. Operating Expenses:

Operating Expenses related to a particular memorabilia include storage, insurance, transportation (other than the initial transportation from the memorabilia location to the Manager's storage facility prior to the offering, which is treated as an "Acquisition Expense", as defined in Note B(6)), maintenance, professional fees such as annual audit and legal expenses and other memorabilia specific expenses as detailed in the Manager's allocation policy, together the "Operating Expenses". We distinguish between pre-closing and post-closing Operating Expenses. Operating Expenses are expensed as incurred.

Except as disclosed with respect to any future offering, expenses of this nature that are incurred prior to the closing of an offering of Series of Interests, are funded by the Manager and are not reimbursed by the Company, the Series or economic members. Expenses in this case are treated as capital contributions from the Manager to the Company and totaled \$7,644 for the period from January 3, 2019 to December 31, 2019.

During the period from January 3, 2019 to December 31, 2019, RSE Archive incurred pre-closing Operating expenses and the following Series had closed Offerings and incurred post-closing Operating Expenses per the table below:

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

15. Capital Assets:

Memorabilia assets are recorded at cost. The cost of the memorabilia includes the purchase price, including any deposits for the memorabilia funded by the Manager and “Acquisition Expenses,” which include transportation of the memorabilia to the Manager’s storage facility, pre-purchase inspection, pre-offering refurbishment, and other costs detailed in the Manager’s allocation policy.

The Company treats memorabilia assets as collectible and therefore the Company will not depreciate or amortize the collectible memorabilia assets going forward. The collectible memorabilia are considered long-lived assets and will be subject to an annual test for impairment. These long-lived assets are reviewed for impairment annually or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to the estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset.

The collectible memorabilia assets are initially purchased by the Company, either prior to launching an offering or through the exercising of a purchase option simultaneous with the closing of an offering for a particular Series. At closing of an offering for a Series of Interests the collectible memorabilia assets, including capitalized Acquisition Expenses, are then transferred to the Series. Assets are transferred at cost and the Company receives cash from the Series from the proceeds of the offering. The Company uses the proceeds of the transfer to pay off any debt or amounts owed under purchase options and Acquisition Expenses. Acquisition Expenses are typically paid for in advance by the Manager, except in the case of Acquisition Expenses that are anticipated, but might not be incurred until after a closing, such as registration fees or fees related to the transportation of an Underlying Asset from the seller to the Company’s warehouse and are thus only capitalized into the cost of the acquired memorabilia after the Underlying Asset has already been transferred to the Series. The Series uses the remaining cash to repay any accrued interest on loans or marketing expenses related to the preparation of the marketing materials for a particular offering, by distributing the applicable amount to the Company, accounted for as “Distribution to RSE Archive” on the balance sheet. Furthermore, the Series distributes the appropriate amounts for Brokerage Fee, the Custody Fee and, if applicable, the Sourcing Fee using cash from the offering. In case of a closing at a loss, the Manager will make an additional capital contribution to the Series to cover any losses, which is represented as “Distribution to Series” on the balance sheet. Any remaining cash on the balance sheet of the Series after distributions have been made is retained for payment of future operating expenses.

The Company, through non-interest-bearing payments from the Manager or loans from officers of the Manager and third-parties invested in memorabilia assets. For the period from January 3, 2019 to December 31, 2019, the total investment in memorabilia assets was \$1,584,178.

RSE ARCHIVE, LLC

Notes to Consolidated Financial Statements

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Of the \$1,584,178 of investments during the period from January 3, 2019 to December 31, 2019, \$1,578,478 were related to the purchase price of, or down payments on Underlying Assets, excluding \$0 related to the Underlying Assets sold. This brings the total spent on purchase price and down-payments at December 31, 2019 to \$1,578,478, since the inception of the Company on January 3, 2019.

Acquisition Expenses related to a particular Series, that are incurred prior to the closing of an offering, are initially funded by the Manager but will be reimbursed with the proceeds from an offering related to such Series, to the extent described in the applicable offering document. Unless, to the extent that certain Acquisition Expenses are anticipated prior to the closing, but incurred after the closing of an offering, for example transportation costs to transport the asset from the seller to the Company's facility, in which case, additional cash from the proceeds of the offering will be retained on the Series balance sheet to cover such future anticipated Acquisition Expenses after the closing of the offering. Acquisition Expenses are capitalized into the cost of the memorabilia as per the table below. Should a proposed offering prove to be unsuccessful, the Company will not reimburse the Manager and these expenses will be accounted for as capital contributions, and the Acquisition Expenses will be expensed.

For the period from January 3, 2019 to December 31, 2019, \$5,700 of Acquisition Expenses related to the registration, transportation, inspection, repair of collectible memorabilia and other acquisition related expenses were incurred, excluding \$0 related to Underlying Assets sold.

The total investment in memorabilia assets as of December 31, 2019 is as follows:

16. Members' Equity:

Members' equity for the Company and any Series consists of capital contributions from the Manager, or its affiliates, Membership Contributions and the Net Income / (Loss) for the period.

Capital contributions from the Manager are made to cover Operating Expenses (as described in Note B(5) above), such as storage, insurance, transportation and ongoing accounting and legal expenses incurred by the Company or any of the Series, for which the Manager has elected not to be reimbursed.

Members' equity in Membership Contributions issued in a successful closing of an offering for a particular Series are calculated by taking the amount of membership Interests sold in an offering, net of Brokerage Fee, Custody Fee and Sourcing Fee as shown in the table below. In the case of a particular offering, the Brokerage Fee, the Custody Fee and Sourcing Fee (which may be waived by the Manager) related to the offering are paid from the proceeds of any successfully closed offering. These expenses will not be incurred by the Company or the applicable Series or the Manager, if an offering does not close. At December 31, 2019, the following offerings for Series Interests had closed:

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

17. Income taxes:

Each existing Series has elected and qualified, and the Company intends that each future Series will elect and qualify, to be taxed as a corporation under the Internal Revenue Code of 1986. Each separate Series intends to be accounted for as described in ASC Topic 740, "Income Taxes," which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

The Company recognizes the tax benefit from an uncertain tax position only if it is more likely than not the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such positions are then measured based on the largest benefit that has a greater than 50% likelihood of being realized upon settlement. There were no uncertain tax positions as of December 31, 2019.

RSE Archive, LLC, as the master series of the Company and RSE Archive Manager, LLC, the Manager of the Company, intend to be taxed as a "partnership" or a "disregarded entity" for federal income tax purposes and will not make any election or take any action that could cause it to be separately treated as an association taxable as a corporation under Subchapter C of the Code.

18. Earnings (loss) / income per membership interest:

Upon completion of an offering, each Series intends to comply with accounting and disclosure requirement of ASC Topic 260, "Earnings per Share." For each Series, earnings (loss) / income per membership interest ("EPMI") will be computed by dividing net (loss) / income for a particular Series by the weighted average number of outstanding membership Interests in that particular Series during the period.

As of the period from January 3, 2019 to December 31, 2019, the following Series had closed offerings and the (losses) / income per membership Interest as per the table below:

NOTE C - RELATED PARTY TRANSACTIONS

Series Members

The managing member of the Company is the Manager. The Company will admit additional members to each of its Series through the offerings of membership Interests in each Series. By purchasing an Interest in a Series of Interests, the investor is admitted as a member of the Series and will be bound by the Company's Operating Agreement. Under the Operating Agreement, each investor grants a power of attorney to the Manager. The Operating Agreement provides the Manager with the ability to appoint officers and advisory board members.

Officer and Affiliate Loans

From time to time, individual officers and affiliates of the Manager may make loans to the Company to facilitate the purchase of memorabilia assets prior to the closing of a Series' offering. It is anticipated that each of the loans and related interest will be paid by the Company through proceeds of the offering associated with a Series. Once the Series repays the Company and other parties, such as the Manager, the broker of record and the custody broker and their respective affiliates, from the proceeds of a closed offering, the memorabilia would then transferred to the related Series and it is anticipated that no Series will bear the economic effects of any loan made to purchase another memorabilia assets.

As of December 31, 2019, no loans were outstanding to either officers or affiliates of the Manager.

NOTE D—DEBT

On April 30, 2019, the Asset Manager and the Company, including an affiliate of the Asset Manager, entered into a \$1.5 million revolving line of credit with Silicon Valley Bank. The LoC allowed the Asset Manager to draw up to 80% of the value of an Underlying Assets for any asset held on the books of the Company for less than 180 days. Interest rate on any amounts outstanding under the LoC accrued at a floating per annum rate equal to the greater of (i) 0.50% above the Prime Rate (defined as the rate published in the money rates section of The Wall Street Journal) or (ii) 6.0%. Interest expense is paid monthly by the Asset Manager. The Company was also held jointly and severably liable for any amounts outstanding under this LoC. On December 20, 2019, the Asset Manager and the Company cancelled the LoC and the Asset Manager repaid \$220,000 outstanding under the LoC plus accrued interest of \$1,100.

Simultaneous with the cancellation of the LoC, the Asset Manager and the Company, including an affiliate of the Asset Manager, entered into a \$2.25 million demand note (the “DM”) with Upper90. The DM allows the Asset Manager to draw up to 100% of the value of the Underlying Assets for any asset held on the books of the Company. Interest rate on any amounts outstanding under the DM accrues at a fixed per annum rate of 15%. The Company is also held jointly and severably liable for any amounts outstanding under this DM. It is anticipated that the Asset Manager will replace the DM with a more permanent piece of debt from Upper90 at essentially the same terms sometime in the second quarter of 2020.

As of December 31, 2019, \$1,560,000 debt plus \$7,800 of accrued interest was outstanding under the DM. Of the \$1,560,000 outstanding, \$565,000 were related to memorabilia assets and the remainder to assets of the affiliate of the Asset Manager, per the table below:

NOTE E - REVENUE, EXPENSE AND COST ALLOCATION METHODOLOGY

Overview of Revenues

As of December 31, 2019, we have not yet generated any revenues directly attributable to the Company or any Series to date. In addition, we do not anticipate the Company or any Series to generate any revenue in excess of costs associated with such revenues until 2021. In early 2019, the Manager of the Company launched its first showroom in New York City and in mid-2019 launched an online shopping experience for merchandise. In future, the Manager of the Company plans to roll out additional opportunities for revenue generation including additional showrooms.

Overview of Costs and Expenses

The Company distinguishes costs and expenses between those related to the purchase of a particular memorabilia asset and Operating Expenses related to the management of such memorabilia assets.

Fees and expenses related to the purchase of an underlying memorabilia asset include Offering Expenses, Acquisition Expenses Brokerage Fee, Custody Fee and Sourcing Fee.

Within Operating Expenses, the Company distinguishes between Operating Expenses incurred prior to the closing of an offering and those incurred after the closing of an offering. Although these pre- and post- closing Operating Expenses are similar in nature and consist of expenses such as storage, insurance, transportation, marketing and maintenance and professional fees such as ongoing bookkeeping, legal and accounting expenses associated with a Series, pre-closing Operating Expenses are borne by the Manager and are not expected to be reimbursed by the Company or the economic members. Post-closing Operating Expenses are the responsibility of each Series of Interest and may be financed through (i) revenues generated by the Series or cash reserves at the Series or (ii) contributions made by the Manager, for which the Manager does not seek reimbursement or (iii) loans by the Manager, for which the Manager may charge a rate of interest or (iv) issuance of additional Interest in a Series (at the discretion of the Manager).

Allocation Methodology

Allocation of revenues and expenses and costs will be made amongst the various Series in accordance with the Manager's allocation policy. The Manager's allocation policy requires items that are related to a specific Series to be charged to that specific Series. Items not related to a specific Series will be allocated pro rata based upon the value of the underlying memorabilia assets or the number of memorabilia, as stated in the Manager's allocation policy and as determined by the Manager. The Manager may amend its allocation policy in its sole discretion from time to time.

NOTE E - REVENUE, EXPENSE AND COST ALLOCATION METHODOLOGY (CONTINUED)

Allocation Methodology or Description by Category

- *Revenue:* Revenues from the anticipated commercialization of the collection of memorabilia will be allocated amongst the Series whose underlying memorabilia are part of the commercialization events, based on the value of the underlying memorabilia assets. No revenues attributable directly to the Company or any Series have been generated during the period from January 3, 2019 to December 31, 2019.
- *Offering Expenses:* Offering Expenses, other than those related to the overall business of the Manager (as described in Note B(4)) are funded by the Manager and generally reimbursed through the Series proceeds upon the closing of an offering. Offering Expenses are charged to a specific Series.
- *Acquisition Expenses:* Acquisition Expenses (as described in Note B(6)), are typically funded by the Manager, and reimbursed from the Series proceeds upon the closing of an offering. Unless, to the extent that certain Acquisition Expenses are anticipated prior to the closing, but incurred after the closing of an offering, for example registration fees, in which case, additional cash from the proceeds of the offering will be retained on the Series balance sheet to cover such future anticipated Acquisition Expenses after the closing of the offering. Acquisition Expenses incurred are capitalized into the cost of the Underlying Asset on the balance sheet of the Company and subsequently transferred to the Series upon closing of the offering for the Series Interests.
- *Sourcing Fee / Losses:* The Sourcing Fee is paid to the Manager from the Series proceeds upon the close of an offering (see note B(7)) and is charged to the specific Series. Losses incurred related to closed offerings, due to shortfalls between proceeds from closed offerings and costs incurred in relation to these offerings are charged to the specific Series but are reimbursed by the Manager and accounted for as capital contributions to the Series (as described in Note B(6)).
- *Brokerage Fee:* The Brokerage Fee is paid to the broker of record from the Series proceeds upon the closing of an offering (see note B(7)) and is charged to the specific Series.
- *Custody Fee:* The Custody Fee is paid to the custody broker from the Series proceeds upon the closing of an offering (see note B(7)) and is charged to the specific Series.
- *Operating Expenses:* Operating Expenses (as described in Note B(5)), including storage, insurance, maintenance costs and other Series related Operating Expenses, are expensed as incurred:
 - Pre-closing Operating Expenses are borne by the Manager and accounted for as capital contributions from the Manager to the Company and are not reimbursed.
 - Post-closing Operating Expenses are the responsibility of each individual Series.
 - If not directly charged to the Company or a Series, Operating Expenses are allocated as follows:
 - Insurance: based on the premium rate allocated by value of the Underlying Assets
 - Storage: based on the number of Underlying Assets

NOTE F - FREE CASH FLOW DISTRIBUTIONS AND MANAGEMENT FEES

Any available Free Cash Flow of a Series of Interests shall be applied in the following order of priority, at the discretion of the Manager:

- v) Repayment of any amounts outstanding under Operating Expenses Reimbursement Obligations.
- vi) Thereafter, reserves may be created to meet future Operating Expenses for a particular Series.
- vii) Thereafter, at least 50% of Free Cash Flow (net of corporate income taxes applicable to such Series of Interests) may be distributed as dividends to interest holders of a particular Series.
- viii) The Manager may receive up to 50% of Free Cash Flow in the form of a management fee, which is accounted for as an expense to the statement of operations of a particular Series.

“Free Cash Flow” is defined as net income (as determined under GAAP) generated by any Series of Interests plus any change in net working capital and depreciation and amortization (and any other non-cash Operating Expenses) and less any capital expenditures related to the relevant Series.

As of December 31, 2019, no distributions of Free Cash Flow or management fees were paid by the Company or in respect of any Series.

NOTE G - INCOME TAX

As of December 31, 2019, each individual Series has elected to be treated as a corporation for tax purposes.

No provision for income taxes for the period from January 3, 2019 to December 31, 2019 has been recorded for any individual Series as all individual Series incurred net losses. Each individual Series records a valuation allowance when it is more likely than not that some portion or all of the deferred tax assets primarily resulting from net operating losses will not be realized. The Company's net deferred tax assets at December 31, 2019 are fully offset by a valuation allowance, and therefore, no tax benefit applicable to the loss for each individual Series for the years ended December 31, 2019 has been recognized. Losses incurred after January 1, 2019 do not expire for federal income tax purposes.

Reconciliation of the benefit for income taxes from continuing operations recorded in the consolidated statements of operations with the amounts computed at the statutory federal tax rates is shown below. RSE Archive has elected to be treated as a partnership; thus, for the period from January 3, 2019 to December 31, 2019 the only tax affected components of deferred tax assets and deferred tax liabilities related to closed Series.

Period from January 3, 2019 to December 31, 2019:

Applicable Series	Federal Tax Benefit at Statutory Rate	Change in Valuation Allowance	Benefit for Income Taxes

NOTE G - INCOME TAX (CONTINUED)

Tax affected components of deferred tax assets and deferred tax liabilities at December 31, 2019, consisting of net operating losses, were as follows:

Federal Loss Carry-forward			Net Deferred Tax
Applicable Series	Federal Loss Carry-forward	Valuation Allowance	Asset
Series #52MANTLE	\$ (127)	\$ 127	\$ -
Series #71MAYS	(63)	63	-
Series #RLEXPEPSI	(47)	47	-
Series #10COBB	(49)	49	-
Series #POTTER	(41)	41	-
Series #TWOCTITIES	(30)	30	-
Series #FROST	(29)	29	-
Series #BIRKINBLU	(45)	45	-
Series #SMURF	(69)	69	-
Series #70RLEX	(22)	22	-
Series #EINSTEIN	(15)	15	-
Series #HONUS	(203)	203	-
Series #75ALI	(18)	18	-
Series #71ALI	(12)	12	-
Total	\$ (770)	\$ 770	\$ -

Based on consideration of the available evidence including historical losses a valuation allowance has been recognized to offset deferred tax assets, as management was unable to conclude that realization of deferred tax assets were more likely than not.

The Company will have no further obligation to the Asset Seller once the Company sells the Underlying Asset.

NOTE J - RESTATEMENT

During the period from January 3, 2019 to December 31, 2019, the Company incorrectly included the non-cash membership interests issued as part of the total consideration issued by the Company to the sellers of Series #HONUS and Series #71MAYS, in the statements of cash flows, for each of these two individual Series and in the consolidated statement of the Company. As a result, the Cash Flows from Investing Activities and Cash Flows from Financing Activities for these two Series and the consolidated amounts have been restated to appropriately reflect the amount of cash consideration that was (i) paid for the specific assets and recorded as Investment in Memorabilia in Cash Flows from Investing Activities, and (ii) received by the Series through the offering of membership interests and recorded as Proceeds from Sale of Membership Interest in Cash Flows from Financing Activities. The error had no effect on the consolidated balance sheets, consolidated statements of operations, and consolidated statements of members' equity (deficit).

The specific adjustments related to each Series and the total consolidated amounts of the Company in the Statement of Cash Flows follows:

(h) RSE Archive Manager, LLC was appointed as the Managing Member of the Company with effect from the date of the formation of the Company on January 3, 2019 and shall continue as Managing Member of the Company until the earlier of (i) the dissolution of the Company pursuant to Section 11.1(a), or (ii) its removal or replacement pursuant to Section 4.3 or ARTICLE X. Except as otherwise set forth in the Series Designation, the Managing Member of each Series shall be RSE Archive Manager, LLC until the earlier of (i) the dissolution of the Series pursuant to Section 11.1(b) or (ii) its removal or replacement pursuant to Section 4.3 or Article X. Unless otherwise set forth in the applicable Series Designation, the Managing Member or its Affiliates shall, as at the closing of any Initial Offering, hold at least 2.00% of the Interests

of the Series being issued pursuant to such Initial Offering. Unless provided otherwise in this Agreement, the Interests held by the Managing Member or any of its Affiliates shall be identical to those of an Economic Member and will not have any additional distribution, redemption, conversion or liquidation rights by virtue of its status as the Managing Member; provided, that the Managing Member shall have the rights, duties and obligations of the Managing Member hereunder, regardless of whether the Managing Member shall hold any Interests.

Section 3.2 Capital Contributions.

(a) The minimum number of Interests a Member may acquire is one (1) Interest or such higher or lesser amount as the Managing Member may determine from time to time and as specified in each Series Designation, as applicable. Persons acquiring Interests through an Initial Offering or Subsequent Offering shall make a Capital Contribution to the Company in an amount equal to the per share price determined in connection with such Initial Offering or Subsequent Offering and multiplied by the number of Interests acquired by such Person in such Initial Offering or Subsequent Offering, as applicable. Persons acquiring Interests in a manner other than through an Initial Offering or Subsequent Offering or pursuant to a Transfer shall make such Capital Contribution as shall be determined by the Managing Member in its sole discretion.

(b) Except as expressly permitted by the Managing Member, in its sole discretion (i) initial and any additional Capital Contributions to the Company or Series as applicable, by any Member shall be payable in currency and (ii) initial and any additional Capital Contributions shall be payable in one installment and shall be paid prior to the date of the proposed acceptance by the Managing Member of a Persons admission as a Member to a Series (or a Members application to acquire additional Interests) (or within five business days thereafter with the Managing Members approval). No Member shall be required to make an additional capital contribution to the Company or Series but may make an additional Capital Contribution to acquire additional interests at such Members sole discretion.

(c) Except to the extent expressly provided in this Agreement (including any Series Designation): (i) no Member shall be entitled to the withdrawal or return of its Capital Contribution, except to the extent, if any, that distributions made pursuant to this Agreement or upon dissolution or termination of the Company or any Series may be considered as such by law and then only to the extent provided for in this Agreement; (ii) no Member holding any Series of any Interests of a Series shall have priority over any other Member holding the same Series either as to the return of Capital Contributions or as to distributions; (iii) no interest shall be paid by the Company or any Series on any Capital Contributions; and (iv) no Economic Member, in its capacity as such, shall participate in the operation or management of the business of the Company or any Series, transact any business in the Company or any Series name or have the power to sign documents for or otherwise bind the Company or any Series by reason of being a Member.

Section 3.3 Series of the Company.

(a) Establishment of Series. Subject to the provisions of this Agreement, the Managing Member may, at any time and from time to time and in compliance with paragraph (c), cause the Company to establish in writing (each, a **Series Designation**) one or more series as such term is used under Section 18-215 of the Delaware Act (each a **Series**). The Series Designation shall relate solely to the Series established thereby and shall not be construed: (i) to affect the terms and conditions of any other Series, or (ii) to designate, fix or determine the rights, powers, authority, privileges, preferences, duties, responsibilities, liabilities and obligations in respect of Interests associated with any other Series, or the Members associated therewith. The terms and conditions for each Series established pursuant to this Section shall be as set forth in this Agreement and the Series Designation, as applicable, for the Series. Upon approval of any Series Designation by the Managing Member, such Series Designation shall be attached to this Agreement as an Exhibit until such time as none of such Interests of such Series remain Outstanding.

(b) Series Operation. Each of the Series shall operate to the extent practicable as if it were a separate limited liability company.

(c) Series Designation. The Series Designation establishing a Series may: (i) specify a name or names under which the business and affairs of such Series may be conducted; (ii) designate, fix and determine the relative rights, powers, authority, privileges, preferences, duties, responsibilities, liabilities and obligations in respect of Interests of such Series and the Members associated therewith (to the extent such terms differ from those set forth in this Agreement) and (iii) designate or authorize the designation of specific Officers to be associated with such Series. A Series Designation (or any resolution of the Managing Member amending any Series Designation) shall be effective when a duly executed original of the same is included by the Managing Member among the permanent records of the Company, and shall be annexed to, and constitute part of, this Agreement (it being understood and agreed that, upon such effective date, the Series described in such Series Designation shall be deemed to have been established and the Interests of such Series shall be deemed to have been authorized in accordance with the provisions thereof). The Series Designation establishing a Series may set forth specific provisions governing the rights of such Series against a Member associated with such Series who fails to comply with the applicable provisions of this Agreement (including, for the avoidance of doubt, the applicable provisions of such Series Designation). In the event of a conflict between the terms and conditions of this Agreement and a Series Designation, the terms and conditions of the Series Designation shall prevail.

(d) Assets and Liabilities Associated with a Series.

(i) Assets Associated with a Series. All consideration received by the Company for the issuance or sale of Interests of a particular Series, together with all assets in which such consideration is invested or reinvested, and all income, earnings, profits and proceeds thereof, from whatever source derived, including any proceeds derived from the sale, exchange or liquidation of such assets, and any funds or payments derived from any reinvestment of such proceeds, in whatever form the same may be (**assets**), shall, subject to the provisions of this

Agreement, be held for the benefit of the Series or the Members associated with such Series, and not for the benefit of the Members associated with any other Series, for all purposes, and shall be accounted for and recorded upon the books and records of the Series separately from any assets associated with any other Series. Such assets are herein referred to as **assets associated with that Series**. In the event that there are any assets in relation to the Company that, in the Managing Members reasonable judgment, are not readily associated with a particular Series, the Managing Member shall allocate such assets to, between or among any one or more of the Series, in such manner and on such basis as the Managing Member deems fair and equitable, and in accordance with the Allocation Policy, and any asset so allocated to a particular Series shall thereupon be deemed to be an asset associated with that Series. Each allocation by the Managing Member pursuant to the provisions of this paragraph shall be conclusive and binding upon the Members associated with each and every Series. Separate and distinct records shall be maintained for each and every Series, and the Managing Member shall not commingle the assets of one Series with the assets of any other Series.

(ii) Liabilities Associated with a Series. All debts, liabilities, expenses, costs, charges, obligations and reserves incurred by, contracted for or otherwise existing (**liabilities**) with respect to a particular Series shall be charged against the assets associated with that Series. Such liabilities are herein referred to as **liabilities associated with that Series**. In the event that there are any liabilities in relation to the Company that, in the Managing Members reasonable judgment, are not readily associated with a particular Series, the Managing Member shall allocate and charge (including indemnification obligations) such liabilities to, between or among any one or more of the Series, in such manner and on such basis as the Managing Member deems fair and equitable and in accordance with the Allocation Policy, and any liability so allocated and charged to a particular Series shall thereupon be deemed to be a liability associated with that Series. Each allocation by the Managing Member pursuant to the provisions of this Section shall be conclusive and binding upon the Members associated with each and every Series. All liabilities associated with a Series shall be enforceable against the assets associated with that Series only, and not against the assets associated with the Company or any other Series, and except to the extent set forth above, no liabilities shall be enforceable against the assets associated with any Series prior to the allocation and charging of such liabilities as provided above. Any allocation of liabilities that are not readily associated with a particular Series to, between or among one or more of the Series shall not represent a commingling of such Series to pool capital for the purpose of carrying on a trade or business or making common investments and sharing in profits and losses therefrom. The Managing Member has caused notice of this limitation on inter-series liabilities to be set forth in the Certificate of Formation, and, accordingly, the statutory provisions of Section 18 215(b) of the Delaware Act relating to limitations on inter-series liabilities (and the statutory effect under Section 18 207 of the Delaware Act of setting forth such notice in the Certificate of Formation) shall apply to the Company and each Series. Notwithstanding any other provision of this Agreement, no distribution on or in respect of Interests in a particular Series, including, for the avoidance of doubt, any distribution made in connection with the winding up of such Series, shall be effected by the Company other than from the assets associated with that Series, nor shall any Member or former Member associated with a Series otherwise have any right or claim against the assets associated with any other Series (except to the extent that such Member or former Member has

such a right or claim hereunder as a Member or former Member associated with such other Series or in a capacity other than as a Member or former Member).

(e) Ownership of Series Assets. Title to and beneficial interest in Series Assets shall be deemed to be held and owned by the relevant Series and no Member or Members of such Series, individually or collectively, shall have any title to or beneficial interest in specific Series Assets or any portion thereof. Each Member of a Series irrevocably waives any right that it may have to maintain an action for partition with respect to its interest in the Company, any Series or any Series Assets. Any Series Assets may be held or registered in the name of the relevant Series, in the name of a nominee or as the Managing Member may determine; *provided, however*, that Series Assets shall be recorded as the assets of the relevant Series on the Company's books and records, irrespective of the name in which legal title to such Series Assets is held. Any corporation, brokerage firm or transfer agent called upon to transfer any Series Assets to or from the name of any Series shall be entitled to rely upon instructions or assignments signed or purporting to be signed by the Managing Member or its agents without inquiry as to the authority of the person signing or purporting to sign such instruction or assignment or as to the validity of any transfer to or from the name of such Series.

(f) Prohibition on Issuance of Preference Interests. No Interests shall entitle any Member to any preemptive, preferential or similar rights unless such preemptive, preferential or similar rights are set forth in the applicable Series Designation on or prior to the date of the Initial Offering of any interests of such Series (the designation of such preemptive, preferential or similar rights with respect to a Series in the Series Designation, the **Interest Designation**).

Section 3.4 Authorization to Issue Interests.

(a) The Company may issue Interests, and options, rights and warrants relating to Interests, for any Company or Series purpose at any time and from time to time to such Persons for such consideration (which may be cash, property, services or any other lawful consideration) or for no consideration and on such terms and conditions as the Managing Member shall determine, all without the approval of the Economic Members. Each Interest shall have the rights and be governed by the provisions set forth in this Agreement (including any Series Designation).

(b) Subject to Section 6.3(a)(i), and unless otherwise provided in the applicable Series Designation, the Company is authorized to issue in respect of each Series an unlimited number of Interests. All Interests issued pursuant to, and in accordance with the requirements of, this ARTICLE III shall be validly issued Interests in the Company, except to the extent otherwise provided in the Delaware Act or this Agreement (including any Series Designation).

Section 3.5 Voting Rights of Interests Generally. Unless otherwise provided in this Agreement or any Series Designation, (i) each Record Holder of Interests shall be entitled to one vote per Interest for all matters submitted for the consent or approval of Members generally, (ii) all Record Holders of Interests (regardless of Series) shall vote together as a single class on all matters as to which all Record Holders of Interests are entitled to vote, (iii) Record Holders of a particular Series of Interest shall be entitled to one vote per Interest for all matters submitted for

the consent or approval of the Members of such Series and (iv) the Managing Member or any of its Affiliates shall not be entitled to vote in connection with any Interests they hold pursuant to Section 3.1(h) and no such Interests shall be deemed Outstanding for purposes of any such vote.

Section 3.6 Record Holders. The Company shall be entitled to recognize the Record Holder as the owner of an Interest and, accordingly, shall not be bound to recognize any equitable or other claim to or interest in such Interest on the part of any other Person, regardless of whether the Company shall have actual or other notice thereof, except as otherwise provided by law or any applicable rule, regulation, guideline or requirement of any National Securities Exchange or over-the-counter market on which such Interests are listed for trading (if ever). Without limiting the foregoing, when a Person (such as a broker, dealer, bank, trust company or clearing corporation or an agent of any of the foregoing) is acting as nominee, agent or in some other representative capacity for another Person in acquiring or holding Interests, as between the Company on the one hand, and such other Persons on the other, such representative Person shall be the Record Holder of such Interests.

Section 3.7 Splits.

(a) Subject to paragraph (c) of this Section and Section 3.4, and unless otherwise provided in any Interest Designation, the Company may make a pro rata distribution of Interests of a Series to all Record Holders of such Series, or may effect a subdivision or combination of Interests of any Series, in each case, on an equal per Interest basis and so long as, after any such event, any amounts calculated on a per Interest basis or stated as a number of Interests are proportionately adjusted.

(b) Whenever such a distribution, subdivision or combination of Interests is declared, the Managing Member shall select a date as of which the distribution, subdivision or combination shall be effective. The Managing Member shall send notice thereof at least 10 Business Days prior to the date of such distribution, subdivision or combination to each Record Holder as of a date not less than 5 Business Days prior to the date of such distribution, subdivision or combination. The Managing Member also may cause a firm of independent public accountants selected by it to calculate the number of Interests to be held by each Record Holder after giving effect to such distribution, subdivision or combination. The Managing Member shall be entitled to rely on any certificate provided by such firm as conclusive evidence of the accuracy of such calculation.

(c) Subject to Section 3.4 and unless otherwise provided in any Series Designation, the Company shall not issue fractional Interests upon any distribution, subdivision or combination of Interests. If a distribution, subdivision or combination of Interests would otherwise result in the issuance of fractional Interests, each fractional Interest shall be rounded to the nearest whole Interest (and a 0.5 Interest shall be rounded to the next higher Interest).

Section 3.8 Agreements. The rights of all Members and the terms of all Interests are subject to the provisions of this Agreement (including any Series Designation).

ARTICLE IV - REGISTRATION AND TRANSFER OF INTERESTS.

Section 4.1 Maintenance of a Register. Subject to the restrictions on Transfer and ownership limitations contained below:

(a) The Company, or its appointee, shall keep or cause to be kept on behalf of the Company and each Series a register that will set forth the Record Holders of each of the Interests and information regarding the Transfer of each of the Interests. The Managing Member is hereby initially appointed as registrar and transfer agent of the Interests, provided that the Managing Member may appoint such third-party registrar and transfer agent as it determines appropriate in its sole discretion, for the purpose of registering Interests and Transfers of such Interests as herein provided, including as set forth in any Series Designation.

(b) Upon acceptance by the Managing Member of the Transfer of any Interest, each transferee of an Interest (i) shall be admitted to the Company as a Substitute Economic Member with respect to the Interests so transferred to such transferee when any such transfer or admission is reflected in the books and records of the Company, (ii) shall be deemed to agree to be bound by the terms of this Agreement by completing a Form of Adherence to the reasonable satisfaction of the Managing Member in accordance with Section 4.2(g)(ii), (iii) shall become the Record Holder of the Interests so transferred, (iv) grants powers of attorney to the Managing Member and any Liquidator of the Company and each of their authorized officers and attorneys in fact, as the case may be, as specified herein, and (v) makes the consents and waivers contained in this Agreement. The Transfer of any Interests and the admission of any new Economic Member shall not constitute an amendment to this Agreement, and no amendment to this Agreement shall be required for the admission of new Economic Members.

(c) Nothing contained in this Agreement shall preclude the settlement of any transactions involving Interests entered into through the facilities of any National Securities Exchange or over-the-counter market on which such Interests are listed or quoted for trading, if any.

Section 4.2 Ownership Limitations.

(a) No Transfer of any Economic Members Interest, whether voluntary or involuntary, shall be valid or effective, and no transferee shall become a substituted Economic Member, unless the written consent of the Managing Member has been obtained, which consent may be withheld in its sole and absolute discretion as further described in this Section 4.2. In the event of any Transfer, all of the conditions of the remainder of this Section must also be satisfied. Notwithstanding the foregoing but subject to Section 3.6, assignment of the economic benefits of ownership of Interests may be made without the Managing Members consent, provided that the assignee is not an ineligible or unsuitable investor under applicable law.

(b) No Transfer of any Economic Members Interests, whether voluntary or involuntary, shall be valid or effective unless the Managing Member determines, after consultation with legal counsel acting for the Company that such Transfer will not, unless waived by the Managing Member:

- (i) result in the transferee directly or indirectly exceeding the Individual Aggregate 12-Month Investment Limit or owning in excess of the Aggregate Ownership Limit;
 - (ii) result in there being 2,000 or more beneficial owners (as such term is used under the Exchange Act) or 500 or more beneficial owners that are not accredited investors (as defined under the Securities Act) of any Series of Interests, as specified in Section 12(g)(1)(A)(ii) of the Exchange Act, unless such Interests have been registered under the Exchange Act or the Company is otherwise an Exchange Act reporting company;
 - (iii) cause all or any portion of the assets of the Company or any Series to constitute plan assets for purposes of ERISA;
 - (iv) adversely affect the Company or such Series, or subject the Company, the Series, the Managing Member or any of their respective Affiliates to any additional regulatory or governmental requirements or cause the Company to be disqualified as a limited liability company or subject the Company, any Series, the Managing Member or any of their respective Affiliates to any tax to which it would not otherwise be subject;
 - (v) require registration of the Company, any Series or any Interests under any securities laws of the United States of America, any state thereof or any other jurisdiction; or
 - (vi) violate or be inconsistent with any representation or warranty made by the transferring Economic Member.
- (c) The transferring Economic Member, or such Economic Members legal representative, shall give the Managing Member prior written notice before making any voluntary Transfer and notice within thirty (30) days after any involuntary Transfer (unless such notice period is otherwise waived by the Managing Member), and shall provide sufficient information to allow legal counsel acting for the Company to make the determination that the proposed Transfer will not result in any of the consequences referred to in paragraphs (b)(i) through (b)(vi) above. If a Transfer occurs by reason of the death of an Economic Member or assignee, the notice may be given by the duly authorized representative of the estate of the Economic Member or assignee. The notice must be supported by proof of legal authority and valid assignment in form and substance acceptable to the Managing Member.
- (d) In the event any Transfer permitted by this Section shall result in beneficial ownership by multiple Persons of any Economic Members interest in the Company, the Managing Member may require one or more trustees or nominees to be designated to represent a portion of or the entire interest transferred for the purpose of receiving all notices which may be given and all payments which may be made under this Agreement, and for the purpose of exercising the rights which the transferor as an Economic Member had pursuant to the provisions of this Agreement.
- (e) A transferee shall be entitled to any future distributions attributable to the Interests transferred to such transferee and to transfer such Interests in accordance with the terms of this Agreement; provided, however, that such transferee shall not be entitled to the other rights of an

Economic Member as a result of such Transfer until he or she becomes a Substitute Economic Member.

(f) The Company and each Series shall incur no liability for distributions made in good faith to the transferring Economic Member until a written instrument of Transfer has been received by the Company and recorded on its books and the effective date of Transfer has passed.

(g) Any other provision of this Agreement to the contrary notwithstanding, any Substitute Economic Member shall be bound by the provisions hereof. Prior to recognizing any Transfer in accordance with this Section, the Managing Member may require, in its sole discretion:

(i) the transferring Economic Member and each transferee to execute one or more deeds or other instruments of Transfer in a form satisfactory to the Managing Member;

(ii) each transferee to acknowledge its assumption (in whole or, if the Transfer is in respect of part only, in the proportionate part) of the obligations of the transferring Economic Member by executing a Form of Adherence (or any other equivalent instrument as determined by the Managing Member);

(iii) each transferee to provide all the information required by the Managing Member to satisfy itself as to anti-money laundering, counter-terrorist financing and sanctions compliance matters; and

(iv) payment by the transferring Economic Member, in full, of the costs and expenses referred to in paragraph (h) below,

and no Transfer shall be completed or recorded in the books of the Company, and no proposed Substitute Economic Member shall be admitted to the Company as an Economic Member, unless and until each of these requirements has been satisfied or, at the sole discretion of the Managing Member, waived.

(h) The transferring Economic Member shall bear all costs and expenses arising in connection with any proposed Transfer, whether or not the Transfer proceeds to completion, including any legal fees incurred by the Company or any broker or dealer, any costs or expenses in connection with any opinion of counsel, and any transfer taxes and filing fees.

Section 4.3 Transfer of Interests and Obligations of the Managing Member.

(a) The Managing Member may Transfer all Interests acquired by the Managing Member (including all Interests acquired by the Managing Member in the Initial Offering pursuant to Section 3.1(h)) at any time and from time to time following the closing of the Initial Offering.

(b) The Economic Members hereby authorize the Managing Member to assign its rights, obligations and title as Managing Member to an Affiliate of the Managing Member without the prior consent of any other Person, and, in connection with such transfer, designate such Affiliate of the Managing Member as a successor Managing Member provided, that the Managing Member shall notify the applicable Economic Members of such change in the next regular communication to such Economic Members.

(c) Except as set forth in Section 4.3(b) above, in the event of the resignation of the Managing Member of its rights, obligations and title as Managing Member, the Managing Member shall nominate a successor Managing Member and the vote of a majority of the Interests held by Economic Members shall be required to elect such successor Managing Member. The Managing Member shall continue to serve as the Managing Member of the Company until such date as a successor Managing Member is elected pursuant to the terms of this Section 4.3(c).

Section 4.4 Remedies for Breach. If the Managing Member shall at any time determine in good faith that a Transfer or other event has taken place that results in a violation of this ARTICLE IV, the Managing Member shall take such action as it deems advisable to refuse to give effect to or to prevent such Transfer or other event, including, without limitation, causing the Company to redeem shares, refusing to give effect to such Transfer on the books of the Company or instituting proceedings to enjoin such Transfer or other event.

ARTICLE V - MANAGEMENT AND OPERATION OF THE COMPANY AND EACH SERIES

Except as explicitly set forth in this Agreement, the Manager, as appointed pursuant to Section 3.1(h) of this Agreement, shall have full power and authority to do, and to direct the Officers to do, all things and on such terms as it determines to be necessary or appropriate to conduct the business of the Company and each Series, to exercise all powers set forth in Section 2.5 and to effectuate the purposes set forth in Section 2.4, in each case without the consent of the Economic Members, including but not limited to the following:

The authority and functions of the Managing Member, on the one hand, and of the Officers, on the other hand, shall be identical to the authority and functions of the board of directors and officers, respectively, of a corporation organized under the DGCL in addition to the powers that now or

hereafter can be granted to managers under the Delaware Act. No Economic Member, by virtue of its status as such, shall have any management power over the business and affairs of the Company or any Series or actual or apparent authority to enter into, execute or deliver contracts on behalf of, or to otherwise bind, the Company or any Series.

Section 5.2 Determinations by the Managing Member. In furtherance of the authority granted to the Managing Member pursuant to Section 5.1 of this Agreement, the determination as to any of the following matters, made in good faith by or pursuant to the direction of the Managing Member consistent with this Agreement, shall be final and conclusive and shall be binding upon the Company and each Series and every holder of Interests:

Additionally, the Advisory Board may: (i) be consulted with by the Managing Member in connection with the acquisition and disposal of a Series Asset, (ii) conduct an annual review of the Company's acquisition policy, (iii) provide guidance with respect to, material conflicts arising or that are reasonably likely to arise with the Managing Member, on the one hand, and the Company, a Series or the Economic Members, on the other hand, or the Company or a Series, on the one hand, and another Series, on the other hand, (iv) approve any material transaction between the Company or a Series and the Managing Member or any of its Affiliates, another Series or an Economic Member (other than the purchase of interests in such Series), (v) provide guidance with respect to the appropriate levels of annual fleet level insurance costs and maintenance costs specific to each individual Series Asset, and review fees, expenses, assets, revenues and availability of funds for distribution with respect to each Series on an annual basis and (vi) approve any service providers appointed by the Managing Member in respect of the Series Assets.

(b) If the Advisory Board determines that any member of the Advisory Boards interests conflict to a material extent with the interests of a Series or the Company as a whole, such member of the Advisory Board shall be excluded from participating in any discussion of the matters to which that conflict relates and shall not participate in the provision of guidance to the Managing Member in respect of such matters, unless a majority of the other members of the Advisory Board determines otherwise.

(c) The members of the Advisory Board shall not be entitled to compensation by the Company or any Series in connection with their role as members of the Advisory Board (including compensation for attendance at meetings of the Advisory Board), *provided, however*, the Company or any applicable Series shall reimburse a member of the Advisory Board for any out of pocket expenses or Operating Expenses actually incurred by it or any of its Affiliates on behalf of the Company or a Series when acting upon the Managing Members instructions or pursuant to a written agreement between the Company or a Series and such member of the Advisory Board or its Affiliates.

(d) The members of the Advisory Board shall not be deemed managers or other persons with duties to the Company or any Series (under Sections 18-1101 or 18-1104 of the Delaware Act or under any other applicable law or in equity) and shall have no fiduciary duty to the Company or any Series. The Managing Member shall be entitled to rely upon, and shall be fully protected in relying upon, reports and information of the Advisory Board to the extent the Managing Member reasonably believes that such matters are within the professional or expert competence of the members of the Advisory Board, and shall be protected under Section 18-406 of the Delaware Act in relying thereon.

Section 5.5 Exculpation, Indemnification, Advances and Insurance.

(a) Subject to other applicable provisions of this ARTICLE V including Section 5.7, the Indemnified Persons shall not be liable to the Company or any Series for any acts or omissions by any of the Indemnified Persons arising from the exercise of their rights or performance of their duties and obligations in connection with the Company or any Series, this Agreement or any investment made or held by the Company or any Series, including with respect to any acts or omissions made while serving at the request of the Company or on behalf of any Series as an officer, director, member, partner, fiduciary or trustee of another Person, other than such acts or omissions that have been determined in a final, non-appealable decision of a court of competent jurisdiction to constitute fraud, willful misconduct or gross negligence. The Indemnified Persons shall be indemnified by the Company and, to the extent Expenses and Liabilities are associated with any Series, each such Series, in each case, to the fullest extent permitted by law, against all expenses and liabilities (including judgments, fines, penalties, interest, amounts paid in settlement with the approval of the Company and counsel fees and disbursements on a solicitor and client basis) (collectively, **Expenses and Liabilities**) arising from the performance of any of their duties or obligations in connection with their service to the Company or each such Series or this Agreement, or any investment made or held by the Company, each such Series, including in connection with any civil, criminal, administrative, investigative or other action, suit or proceeding to which any such Person may hereafter be made party by reason of being or having been a manager of the Company or such Series under Delaware law, an Officer of the Company or associated with such Series, a member of the Advisory Board or an officer, director, member, partner, fiduciary or trustee of another Person, provided that this indemnification shall not cover Expenses and Liabilities that arise out of the acts or omissions of any Indemnified Party that have been determined in a final, non-appealable decision of a court, arbitrator or other tribunal of competent jurisdiction to have resulted primarily from such Indemnified Persons fraud, willful misconduct or gross negligence. Without limitation, the foregoing indemnity shall extend to any liability of any Indemnified Person, pursuant to a loan guaranty or otherwise, for any indebtedness of the Company or any Series (including any indebtedness which the Company or any Series has assumed or taken subject to), and the Managing Member or the Officers are hereby authorized and empowered, on behalf of the Company or any Series, to enter into one or more indemnity agreements consistent with the provisions of this Section in favor of any Indemnified Person having or potentially having liability for any such indebtedness. It is the intention of this paragraph that the Company and each applicable Series indemnify each Indemnified Person to the fullest extent permitted by law, provided that this indemnification shall not cover Expenses and Liabilities that arise out of the acts or omissions of any Indemnified Party that have been determined in a final, non-appealable decision of a court, arbitrator or other tribunal of competent jurisdiction to have resulted primarily from such Indemnified Persons fraud, willful misconduct or gross negligence.

(b) The provisions of this Agreement, to the extent they restrict the duties and liabilities of an Indemnified Person otherwise existing at law or in equity, including Section 5.7, are agreed by each Member to modify such duties and liabilities of the Indemnified Person to the maximum extent permitted by law.

(c) Any indemnification under this Section (unless ordered by a court) shall be made by each applicable Series. To the extent, however, that an Indemnified Person has been successful on the merits or otherwise in defense of any action, suit or proceeding described above, or in

defense of any claim, issue or matter therein, such Indemnified Person shall be indemnified against expenses (including attorney's fees) actually and reasonably incurred by such Indemnified Person in connection therewith.

(d) Any Indemnified Person may apply to the Court of Chancery of the State of Delaware or any other court of competent jurisdiction in the State of Delaware for indemnification to the extent otherwise permissible under paragraph (a). The basis of such indemnification by a court shall be a determination by such court that indemnification of the Indemnified Person is proper in the circumstances because such Indemnified Person has met the applicable standards of conduct set forth in paragraph (a). Neither a contrary determination in the specific case under paragraph (c) nor the absence of any determination thereunder shall be a defense to such application or create a presumption that the Indemnified Person seeking indemnification has not met any applicable standard of conduct. Notice of any application for indemnification pursuant to this paragraph shall be given to the Company promptly upon the filing of such application. If successful, in whole or in part, the Indemnified Person seeking indemnification shall also be entitled to be paid the expense of prosecuting such application.

(e) To the fullest extent permitted by law, expenses (including attorney's fees) incurred by an Indemnified Person in defending any civil, criminal, administrative or investigative action, suit or proceeding may, at the option of the Managing Member, be paid by each applicable Series in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such Indemnified Person to repay such amount if it shall ultimately be determined that such Indemnified Person is not entitled to be indemnified by each such Series as authorized in this Section.

(f) The indemnification and advancement of expenses provided by or granted pursuant to this Section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under this Agreement, or any other agreement (including without limitation any Series Designation), vote of Members or otherwise, and shall continue as to an Indemnified Person who has ceased to serve in such capacity and shall inure to the benefit of the heirs, successors, assigns and administrators of the Indemnified Person unless otherwise provided in a written agreement with such Indemnified Person or in the writing pursuant to which such Indemnified Person is indemnified, it being the policy of the Company that indemnification of the persons specified in paragraph (a) shall be made to the fullest extent permitted by law. The provisions of this Section shall not be deemed to preclude the indemnification of any person who is not specified in paragraph (a) but whom the Company or an applicable Series has the power or obligation to indemnify under the provisions of the Delaware Act.

(g) The Company and any Series may, but shall not be obligated to, purchase and maintain insurance on behalf of any Person entitled to indemnification under this Section against any liability asserted against such Person and incurred by such Person in any capacity to which they are entitled to indemnification hereunder, or arising out of such Persons status as such, whether or not the Company would have the power or the obligation to indemnify such Person against such liability under the provisions of this Section.

(h) The indemnification and advancement of expenses provided by, or granted pursuant to, this Section shall, unless otherwise provided when authorized or ratified, inure to the benefit of the heirs, executors and administrators of any person entitled to indemnification under this Section.

(i) The Company and any Series may, to the extent authorized from time to time by the Managing Member, provide rights to indemnification and to the advancement of expenses to employees and agents of the Company or such Series.

(j) If this Section or any portion of this Section shall be invalidated on any ground by a court of competent jurisdiction each applicable Series shall nevertheless indemnify each Indemnified Person as to expenses (including attorney's fees), judgments, fines, and amounts paid in settlement with respect to any action, suit, proceeding or investigation, whether civil, criminal or administrative, including a grand jury proceeding or action or suit brought by or in the right of the Company, to the full extent permitted by any applicable portion of this Section that shall not have been invalidated.

(k) Each of the Indemnified Persons may, in the performance of his, her or its duties, consult with legal counsel, accountants, and other experts, and any act or omission by such Person on behalf of the Company or any Series in furtherance of the interests of the Company or such Series in good faith in reliance upon, and in accordance with, the advice of such legal counsel, accountants or other experts will be full justification for any such act or omission, and such Person will be fully protected for such acts and omissions; *provided* that such legal counsel, accountants, or other experts were selected with reasonable care by or on behalf of such Indemnified Person.

(l) An Indemnified Person shall not be denied indemnification in whole or in part under this Section because the Indemnified Person had an interest in the transaction with respect to which the indemnification applies if the transaction was otherwise permitted by the terms of this Agreement.

(m) Any liabilities which an Indemnified Person incurs as a result of acting on behalf of the Company or any Series (whether as a fiduciary or otherwise) in connection with the operation, administration or maintenance of an employee benefit plan or any related trust or funding mechanism (whether such liabilities are in the form of excise taxes assessed by the Internal Revenue Service, penalties assessed by the Department of Labor, restitutions to such a plan or trust or other funding mechanism or to a participant or beneficiary of such plan, trust or other funding mechanism, or otherwise) shall be treated as liabilities indemnifiable under this Section, to the maximum extent permitted by law.

(n) The Managing Member shall, in the performance of its duties, be fully protected in relying in good faith upon the records of the Company and any Series and on such information, opinions, reports or statements presented to the Company by any of the Officers or employees of the Company or associated with any Series, or by any other Person as to matters the Managing Member reasonably believes are within such other Persons professional or expert competence (including, without limitation, the Advisory Board).

(o) Any amendment, modification or repeal of this Section or any provision hereof shall be prospective only and shall not in any way affect the limitations on the liability of or other rights of any indemnitee under this Section as in effect immediately prior to such amendment, modification or repeal with respect to claims arising from or relating to matters occurring, in whole or in part, prior to such amendment, modification or repeal, regardless of when such claims may arise or be asserted and provided such Person became an indemnitee hereunder prior to such amendment, modification or repeal.

Section 5.6 Duties of Officers.

(a) Except as set forth in Sections 5.5 and 5.7, as otherwise expressly provided in this Agreement or required by the Delaware Act, (i) the duties and obligations owed to the Company by the Officers shall be the same as the duties and obligations owed to a corporation organized under DGCL by its officers, and (ii) the duties and obligations owed to the Members by the Officers shall be the same as the duties and obligations owed to the stockholders of a corporation under the DGCL by its officers.

(b) The Managing Member shall have the right to exercise any of the powers granted to it by this Agreement and perform any of the duties imposed upon it thereunder either directly or by or through the duly authorized Officers of the Company or associated with a Series, and the Managing Member shall not be responsible for the misconduct or negligence on the part of any such Officer duly appointed or duly authorized by the Managing Member in good faith.

Section 5.7 Standards of Conduct and Modification of Duties of the Managing Member. Notwithstanding anything to the contrary herein or under any applicable law, including, without limitation, Section 18 1101(c) of the Delaware Act, the Managing Member, in exercising its rights hereunder in its capacity as the managing member of the Company, shall be entitled to consider only such interests and factors as it desires, including its own interests, and shall have no duty or obligation (fiduciary or otherwise) to give any consideration to any interest of or factors affecting the Company, any Series or any Economic Members, and shall not be subject to any other or different standards imposed by this Agreement, any other agreement contemplated hereby, under the Delaware Act or under any other applicable law or in equity. The Managing Member shall not have any duty (including any fiduciary duty) to the Company, any Series, the Economic Members or any other Person, including any fiduciary duty associated with self-dealing or corporate opportunities, all of which are hereby expressly waived. This Section shall not in any way reduce or otherwise limit the specific obligations of the Managing Member expressly provided in this Agreement or in any other agreement with the Company or any Series.

Section 5.8 Reliance by Third Parties. Notwithstanding anything to the contrary in this Agreement, any Person dealing with the Company or any Series shall be entitled to assume that the Managing Member and any Officer of the Company or any Series has full power and authority to encumber, sell or otherwise use in any manner any and all assets of the Company or such Series and to enter into any contracts on behalf of the Company or such Series, and such Person shall be entitled to deal with the Managing Member or any Officer as if it were the Company's or such Series sole party in interest, both legally and beneficially. Each Economic Member hereby waives, to the fullest extent permitted by law, any and all defenses or other

remedies that may be available against such Person to contest, negate or disaffirm any action of the Managing Member or any Officer in connection with any such dealing. In no event shall any Person dealing with the Managing Member or any Officer or its representatives be obligated to ascertain that the terms of this Agreement have been complied with or to inquire into the necessity or expedience of any act or action of the Managing Member or any Officer or its representatives. Each and every certificate, document or other instrument executed on behalf of the Company or any Series by the Managing Member or any Officer or its representatives shall be conclusive evidence in favor of any and every Person relying thereon or claiming thereunder that (a) at the time of the execution and delivery of such certificate, document or instrument, this Agreement were in full force and effect, (b) the Person executing and delivering such certificate, document or instrument was duly authorized and empowered to do so for and on behalf of the Company or any Series and (c) such certificate, document or instrument was duly executed and delivered in accordance with the terms and provisions of this Agreement and is binding upon the Company or the applicable Series.

Section 5.9 Certain Conflicts of Interest. The resolution of any Conflict of Interest approved by the Advisory Board shall be conclusively deemed to be fair and reasonable to the Company and the Members and not a breach of any duty hereunder at law, in equity or otherwise.

Section 5.10 Appointment of the Asset Manager. The Managing Member exercises ultimate authority over the Series Assets. Pursuant to Section 5.3, the Managing Member has the right to delegate its responsibilities under this Agreement in respect of the management of the Series Assets. The Managing Member has agreed on behalf of the Company to appoint the Asset Manager to manage the Series Assets on a discretionary basis, and to exercise, to the exclusion of the Managing Member (but under the supervision and authority of the Managing Member), all the powers, rights and discretions conferred on the Managing Member in respect of the Series Assets and, the Managing Member on behalf of each Series, will enter into an Asset Management Agreement pursuant to which the Asset Manager is formally appointed to manage the Series Assets. The consideration payable to the Asset Manager for managing the Series Assets will be the Management Fee.

Section 6.3 Excess Operating Expenses; Further Issuance of Interests; Operating Expenses Reimbursement Obligation(s).

(ii) pay such excess Operating Expenses and not seek reimbursement; and/or

(iii) enter into an agreement pursuant to which the Managing Member loans to the Company an amount equal to the remaining excess Operating Expenses (the **Operating Expenses Reimbursement Obligation(s)**). The Managing Member, in its sole discretion, may impose a reasonable rate of interest (a rate no less than the Applicable Federal Rate (as defined in the Code)) on any Operating Expenses Reimbursement Obligation. The Operating Expenses Reimbursement Obligation(s) shall become repayable when cash becomes available for such purpose in accordance with ARTICLE VII.

Section 6.4 Allocation of Expenses. Any Brokerage Fee, Offering Expenses, Acquisition Expenses, Sourcing Fee and Operating Expenses shall be allocated by the Managing Member in accordance with the Allocation Policy.

Section 7.2 Application of Amounts upon the Liquidation of a Series. Subject to Section 7.3 and ARTICLE XI and any Interest Designation, any amounts available for distribution following the liquidation of a Series, net of any fees, costs and liabilities (as determined by the Managing Member in its sole discretion), shall be applied and distributed 100% to the Members (pro rata to their Interests and which, for the avoidance of doubt, may include the Managing Member and its Affiliates).

Subject to the terms of any Series Designation (including, without limitation, the preferential rights, if any, of holders of any other class of Interests of the applicable Series), distributions shall be paid to the holders of the Interests of a Series on an equal per Interest basis as of the Record Date selected by the Managing Member. (c) Each distribution in respect of any Interests of a Series shall be paid by the Company, directly or through any other Person or agent, only to the Record Holder of such Interests as of the Record Date set for such distribution. For the avoidance of doubt, except as may be required pursuant to Article X, a Member shall only have access to the information (including any Series Designation) referenced with respect to any Series in which such Member has an Interest and not to any Series in which such Member does not have an Interest.

(c) Except as otherwise set forth in the applicable Series Designation, within 120 calendar days after the end of the fiscal year and 90 calendar days after the end of the semi-annual reporting date, the Managing Member shall use its commercially reasonable efforts to circulate to each Economic Member electronically by e-mail or made available via an online platform:

With respect to any liability that is contingent, conditional or unmatured or is otherwise not yet due and payable, the Liquidator shall either settle such claim for such amount as it thinks appropriate or establish a reserve of Free Cash Flows or other assets to provide for its payment. Each party shall become bound by this Agreement immediately upon affixing its signature hereto (which signature may be provided electronically) or, in the case of a Person acquiring an Interest, upon acceptance of its Form of Adherence.

Section 15.8 Applicable Law and Jurisdiction.

(a) This Agreement and the rights of the parties shall be governed by and construed in accordance with the laws of the State of Delaware. Non-contractual obligations (if any) arising out of or in connection with this agreement (including its formation) shall also be governed by the laws of the State of Delaware. The rights and liabilities of the Members in the Company and each Series and as between them shall be determined pursuant to the Delaware Act and this Agreement. To the fullest extent permitted by applicable law, each Member hereby waives the right to commence an action, suit or proceeding seeking to enforce any provisions of, or based on any matter arising out of or in connection with this Agreement, or the transactions contemplated hereby or thereby in any court outside of the Chancery Court in the State of Delaware except to the extent otherwise explicitly provided herein. The provisions of this Section 15.8(b) shall not be applicable to an action, suit or proceeding to the extent it pertains to a matter as to which the claims are exclusively vested in the jurisdiction of a court or forum other than the Court of Chancery of the State of Delaware, or if the Chancery Court in the State of Delaware does not have jurisdiction over such matter. The Company acknowledges for the avoidance of doubt that this Section 15.8(b) shall not apply to claims arising under the Securities Act and the Exchange Act, and by agreeing to the provisions of this Section 15.8(b), each Member will not be deemed

to have waived compliance with U.S. federal securities laws and the rules and regulations promulgated thereunder. (c) Process in any suit, action or proceeding may be served on any party anywhere in the world, whether within or without the jurisdiction of any court. Without limiting the foregoing, each party agrees that service of process on such party by written notice pursuant to Section 11.1 will be deemed effective service of process on such party.

(d) TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, EVERY PARTY TO THIS AGREEMENT AND ANY OTHER PERSON WHO BECOMES A MEMBER OR HAS RIGHTS AS AN ASSIGNEE OF ANY PORTION OF ANY MEMBERS MEMBERSHIP INTEREST HEREBY WAIVES ANY RIGHT TO A JURY TRIAL AS TO ANY MATTER UNDER THIS AGREEMENT OR IN ANY OTHER WAY RELATING TO THE COMPANY OR THE RELATIONS UNDER THIS AGREEMENT OR OTHERWISE AS TO THE COMPANY AS BETWEEN OR AMONG ANY SAID PERSONS. Section 15.10 Consent of Members. Each Member hereby expressly consents and agrees that, whenever in this Agreement it is specified that an action may be taken upon the affirmative vote or consent of less than all of the Members, such action may be so taken upon the concurrence of less than all of the Members and each Member shall be bound by the results of such action.

250 Lafayette Street, 3rd Floor
New York, NY 10012

Ladies and Gentlemen:

1. Subscription. The person named on the front of this subscription agreement (the “Purchaser”) (this “Subscription Agreement”), intending to be legally bound, hereby irrevocably agrees to purchase from Series #00BRADY, a series of RSE Archive, LLC, a Delaware series limited liability company (the “Company”), the number of Series #00BRADY Interests (the “Series #00BRADY Interests”) set forth on the front of this Subscription Agreement at a purchase price of \$12.00 (USD) per Series #00BRADY Interest and on the terms and conditions of the Operating Agreement governing the Company dated on or around the date of acceptance of this subscription by RSE Archive Manager, LLC, the managing member of the Company (the “Manager”), as amended and restated from time to time (the “Operating Agreement”), a copy of which the Purchaser has received and read.

This subscription is submitted by the Purchaser in accordance with and subject to the terms and conditions described in this Subscription Agreement, relating to the exempt offering by the Company of up to 3,750 Series #00BRADY Interests for maximum aggregate gross proceeds of \$45,000 (the “Offering”), unless further Series #00BRADY Interests are issued by the Company in accordance with the terms of the Operating Agreement.

Upon the basis of the representations and warranties, and subject to the terms and conditions, set forth herein, the Company agrees to issue and sell the Series #00BRADY Interests to the Purchaser on the date the Offering is closed (the “Closing”) for the aggregate purchase price set forth on the front page hereto (the “Subscription Price”).

2. Payment. Concurrent with the execution hereof, the Purchaser authorizes (i) Atlantic Capital Bank (the “Escrow Agent”) as escrow agent for the Company, to request the Subscription Price from the Purchaser’s bank (details of which are set out in the “Payment Details” section above) or (ii) the transfer of funds in an amount equal to the Subscription Price from the Purchaser’s bank account into the escrow account through the payment services of a payment services provider, integrated with the mobile app-based investment platform called Rally Rd.TM (or its successor platform) operated by the Manager or its affiliates. The Company shall cause the Escrow Agent to maintain all such funds for the Purchaser’s benefit in a segregated non-interest-bearing account until the earliest to occur of: (i) the Closing, (ii) the rejection of such subscription or (iii) the termination of the Offering by the Manager in its sole discretion.

3. Termination of Offering or Rejection of Subscription.

3.1 In the event that (a) the Company does not effect the Closing on or before the date which is one year from the Offering being qualified by the U.S. Securities and Exchange Commission (the “SEC”), which period may be extended for an additional six months by the Manager in its sole discretion, or (b) the Offering is terminated by the Manager in its sole discretion, the Company will cause the Escrow Agent to refund the Subscription Price paid by the Purchaser, without deduction, offset or interest accrued thereon and this Subscription Agreement shall thereafter be of no further force or effect.

3.2 The Purchaser understands and agrees that the Manager, in its sole discretion, reserves the right to accept or reject this or any other subscription for Series #00BRADY Interests, in whole or in part, and for any reason or no reason, notwithstanding prior receipt by the Purchaser of notice of acceptance of this subscription. If this subscription is rejected in whole this Subscription Agreement shall thereafter be of no further force or effect. If this subscription is rejected in part, this Subscription Agreement will continue in full force and effect to the extent this subscription was accepted.

4. Acceptance of Subscription. At the Closing, if the Manager accepts this subscription in whole or in part, the Company shall execute and deliver to the Purchaser a counterpart executed copy of this Subscription Agreement and cause the Escrow Agent to release the Subscription Price (or applicable portion thereof if such subscription is only accepted in part) to the Company for the benefit of Series #00BRADY. The Company shall have no obligation hereunder until the Company shall execute and deliver to the Purchaser an executed copy of this Subscription Agreement, and until the Purchaser shall have executed and delivered to the Manager this Subscription Agreement and a substitute Form W-9 (if applicable) and shall have deposited the Purchase Price in accordance with this Agreement. (i) The Purchaser is not relying on the Company, the Manager, the BOR or any of their respective employees or agents with respect to the legal, tax, economic and related considerations of an investment in the Series #00BRADY Interests, and the Purchaser has relied on the advice of, or has consulted with, only its own advisors, if any, whom the Purchaser has deemed necessary or appropriate in connection with its purchase of the Series #00BRADY Interests.

The Purchaser represents that the amounts invested by it in the Company in the Offering were not and are not directly or indirectly derived from activities that contravene federal, state or international laws and regulations, including anti-money laundering laws and regulations. Federal regulations and Executive Orders administered by OFAC prohibit, among other things, the engagement in transactions with, and the provision of services to, certain foreign countries, territories, entities and individuals. The lists of OFAC prohibited countries, territories, persons and entities can be found on the OFAC website at <http://www.treas.gov/ofac>. In addition, the programs administered by

OFAC (the “OFAC Programs”) prohibit dealing with individuals, including specially designated nationals, specially designated narcotics traffickers and other parties subject to OFAC sanctions and embargo programs, or entities in certain countries regardless of whether such individuals or entities appear on the OFAC lists. The Purchaser agrees to promptly notify the Company should the Purchaser become aware of any change in the information set forth in these representations. The Purchaser understands and acknowledges that, by law, the Company may be obligated to “freeze the account” of the Purchaser, either by prohibiting additional subscriptions from the Purchaser, declining any redemption requests and/or segregating the assets in the account in compliance with governmental regulations, and the Company may also be required to report such action and to disclose the Purchaser’s identity to OFAC. The Purchaser further acknowledges that the Company may, by written notice to the Purchaser, suspend the redemption rights, if any, of the Purchaser if the Company reasonably deems it necessary to do so to comply with anti-money laundering regulations applicable to the Company or any of the Company’s other service providers. (v) To the best of the Purchaser’s knowledge, none of: (1) the Purchaser; (2) any person controlling or controlled by the Purchaser; (3) if the Purchaser is a privately-held entity, any person having a beneficial interest in the Purchaser; or (4) any person for whom the Purchaser is acting as agent or nominee in connection with this investment is a senior foreign political figure, or an immediate family member or close associate of a senior foreign political figure. A “senior foreign political figure” is a senior official in the executive, legislative, administrative, military or judicial branches of a foreign government (whether elected or not), a senior official of a major foreign political party, or a senior executive of a foreign government-owned corporation. In addition, a “senior foreign political figure” includes any corporation, business or other entity that has been formed by, or for the benefit of, a senior foreign political figure. “Immediate family” of a senior foreign political figure typically includes the figure’s parents, siblings, spouse, children and in-laws. A “close associate” of a senior foreign political figure is a person who is widely and publicly known to maintain an unusually close relationship with the senior foreign political figure, and includes a person who is in a position to conduct substantial domestic and international financial transactions on behalf of the senior foreign political figure.

(w) If the Purchaser is affiliated with a non-U.S. banking institution (a “Foreign Bank”), or if the Purchaser receives deposits from, makes payments on behalf of, or handles other financial transactions related to a Foreign Bank, the Purchaser represents and warrants to the Company that: (1) the Foreign Bank has a fixed address, other than solely an electronic address, in a country in which the Foreign Bank is authorized to conduct banking activities; (2) the Foreign Bank maintains operating records related to its banking activities; (3) the Foreign Bank is subject to inspection by the banking authority that licensed the Foreign Bank to conduct banking activities; and (4) the Foreign Bank does not provide banking services to any other Foreign Bank that does not have a physical presence in any country and that is not a regulated affiliate.

(x) Each of the representations and warranties of the parties hereto set forth in this Section 5 and made as of the date hereof shall be true and accurate as of the Closing applicable to the subscription made hereby as if made on and as of the date of such Closing.

6. Indemnification. The Purchaser agrees to indemnify and hold harmless the Company, Series #00BRADY, the Manager and their respective officers, directors, employees, agents, members, partners, control persons and affiliates (each of which shall be deemed third party beneficiaries hereof) from and against all losses, liabilities, claims, damages, costs, fees and expenses whatsoever (including, but not limited to, any and all expenses incurred in investigating, preparing or defending against any litigation commenced or threatened) based upon or arising out of any actual or alleged false acknowledgment, representation or warranty, or misrepresentation or omission to state a material fact, or breach by the Purchaser of any covenant or agreement made by the Purchaser herein or in any other document delivered in connection with this Subscription Agreement. Notwithstanding the foregoing, no representation, warranty, covenant or acknowledgment made herein by the Purchaser shall be deemed to constitute a waiver of any rights granted to it under the Securities Act or state securities laws.

7. Irrevocability; Binding Effect. The Purchaser hereby acknowledges and agrees that the subscription hereunder is irrevocable by the Purchaser, except as required by applicable law, and that this Subscription Agreement shall survive the death or disability of the Purchaser and shall be binding upon and inure to the benefit of the parties and their heirs, executors, administrators, successors, legal representatives, and permitted assigns. If the Purchaser is more than one person, the obligations of the Purchaser hereunder shall be joint and several and the agreements, representations, warranties, and acknowledgments herein shall be deemed to be made by and be binding upon each such person and such person's heirs, executors, administrators, successors, legal representatives, and permitted assigns.

8. Modification. This Subscription Agreement shall not be modified or waived except by an instrument in writing signed by the party against whom any such modification or waiver is sought.

9. Assignability. This Subscription Agreement and the rights, interests and obligations hereunder are not transferable or assignable by the Purchaser and the transfer or assignment of the Series #00BRADY Interests shall be made only in accordance with all applicable laws and the Operating Agreement. Any assignment contrary to the terms hereof shall be null and void and of no force or effect.

10. Lock-up Period. Following the Closing of the Offering for Series #00BRADY, the Purchaser agrees not to transfer its Series #00BRADY Interests for a 90-day lock-up period after the Closing before the Series #00BRADY Interests may be transferred by any investor, which transfer shall be in compliance with applicable laws and the Operating Agreement.

11. Applicable Law and Exclusive Jurisdiction. This Subscription Agreement and the rights and obligations of the Purchaser arising out of or in connection with this Subscription Agreement, the Operating Agreement and the Offering Circular shall be construed in accordance with and governed by the internal laws of the State of Delaware without regard to principles of conflict of laws. The Purchaser (i) irrevocably submits to the non-exclusive jurisdiction and venue of the Court of Chancery of the State of Delaware in any action arising out of this Subscription Agreement and the Operating Agreement, except where Federal law requires that certain claims be brought in Federal courts, and (ii) consents to the service of process by mail. Notwithstanding any of the foregoing to the contrary, the Company acknowledges for the avoidance of doubt that this Section 11 shall not apply to claims arising under the Securities Act and the Exchange Act, and by agreeing to the provisions of this Section 11, the Purchaser will not be deemed to have waived compliance with U.S. federal securities laws and the rules and regulations promulgated thereunder.

12. Use of Pronouns. All pronouns and any variations thereof used herein shall be deemed to refer to the masculine, feminine, neuter, singular or plural as the identity of the person or persons referred to may require.

13. Miscellaneous.

13.1 Sections 15.1 (Addresses and Notices), 15.2 (Further Action) and 15.8 (Applicable Law and Jurisdiction) of the Operating Agreement are deemed incorporated into this Subscription Agreement.

13.2 This Subscription Agreement, together with the Operating Agreement, constitutes the entire agreement between the Purchaser and the Company with respect to the subject matter hereof and supersedes all prior oral or written agreements and understandings, if any, relating to the subject matter hereof. The terms and provisions of this Subscription Agreement may be waived, or consent for the departure therefrom granted, only by a written document executed by the party entitled to the benefits of such terms or provisions.

13.3 The covenants, agreements, representations and warranties of the Company and the Purchaser made, and the indemnification rights provided for, in this Subscription Agreement shall survive the execution and delivery hereof and delivery of the Series #00BRADY Interests, regardless of any investigation made by or on behalf of any party, and shall survive delivery of any payment for the Subscription Price.

13.4 Except to the extent otherwise described in the Offering Circular, each of the parties hereto shall pay its own fees and expenses (including the fees of any attorneys, accountants or others engaged by such party) in connection with this Subscription Agreement and the transactions contemplated hereby whether or not the transactions contemplated hereby are consummated.

13.5 This Subscription Agreement may be executed in one or more counterparts each of which shall be deemed an original (including signatures sent by facsimile transmission or by email transmission of a PDF scanned document or other electronic signature), but all of which shall together constitute one and the same instrument.

13.6 Each provision of this Subscription Agreement shall be considered separable and, if for any reason any provision or provisions hereof are determined to be invalid or contrary to applicable law, such invalidity or illegality shall not impair the operation of or affect the remaining portions of this Subscription Agreement.

13.7 Paragraph titles are for descriptive purposes only and shall not control or alter the meaning of this Subscription Agreement as set forth in the text.

13.8 Words and expressions which are used but not defined in this Subscription Agreement shall have the meanings given to them in the Operating Agreement.
